The Commission shall keep the register of qualified investors whose status is approved.

The Commission shall regulate details on procedure of approving status of qualified investor and keeping of the register.

Prospectus

Article 15

The prospectus shall contain all information which, according to the particular nature of the issuer and of the securities offered to the public or admitted to trading on a securities market or MTF, is necessary to enable investors to make an informed assessment of the assets

and liabilities, financial position, profit and losses, and prospects of the issuer and of any guarantor, and of the rights attaching to such securities.

The information contained in the prospectus must be accurate and complete and the prospectus must be coherent.

The prospectus must be clear and comprehensible, and the information in the prospectus must be presented in an easily analyzable manner.

Prospectus Summary

Article 16

The summary of the prospectus shall, in a brief manner and in non-technical language, convey the essential characteristics and risks associated with the issuer, guarantor and the securities.

The summary of the prospectus must contain a warning:

- 1) that it should be considered an introduction into the prospectus;
- 2) that each decision on an investment must be based on an investor's assessment of the prospectus as a whole;
- 3) that the issuer and the persons who drew up the summary have a joint and several liability for the damages caused by the summary if it is misleading, inaccurate or inconsistent when read together with the other parts of the prospectus.

Should the prospectus be referred to admission to a regulated market of debt securities the nominal value of which exceeds EUR 50,000 in Serbian dinars equivalent amount there is no obligation to prepare the prospectus summary.

Prospectus Composed of a Single Document or of Separate Documents

Article 17

The issuer or the offeror may draw up the prospectus as a single document (prospectus composed of a single document) or as several separate documents (prospectus composed of separate documents).

In the prospectus composed of separate documents the information must be divided into:

- 1) a registration document, which contains the information on the issuer;
- 2) a note on the security, which contains the information on the securities that shall be offered to the public or admitted to a regulated market or MTF;
- 3) a summary of the prospectus.

Base Prospectus

Article 18

The base prospectus may be developed for the following types of securities:

- 1) debt securities, also including warrants in any form, which are issued under an offering program;
- 2) debt securities, which are issued by credit institutions in a continuous or repeated manner, under the condition:

(1) that the sums deriving from the issue of the said securities are placed in assets providing sufficient coverage for fulfilling all the obligations which derive from the said securities until their maturity date;

(2) that, in the event of the insolvency of the credit institution of the issuer, the sums referred to in the previous indent are intended, as a priority, to repay the capital and interest falling due, without prejudice to the provisions of a separate Law which regulates insolvency, receivership and liquidation of a credit institution.

The base prospectus referred to in Para. 1 of this Article must contain all the information necessary pursuant to the provision of Article 15, 16, 17 and 18 of this Law and relevant regulations of the Commission and if necessary data shall be supplemented as referred to in Article 33 of this Law by new information on the issuer and on the securities which are to be offered to the public or admitted to a regulated market or MTF.

If the final terms of the offer are not included in either the base prospectus or in the prospectus supplement, the final terms must be provided to investors and the Commission as soon as practicable following the offer being made public, and if possible prior to the beginning of the offer pursuant to provisions of Article 14 of this Law.

The base prospectus may not be drawn up as the prospectus composed of separate documents.

Responsibility for the Prospectus Content

Article 19

The following persons shall be considered legally responsible in the event that a prospectus or a prospectus summary contains materially false, inaccurate or misleading information, or omits material facts:

- 1) the issuer, directors and members of the management board of the issuer, unless a member of the management board has specifically voted against;
- 2) any person making an offer, not being the issuer (offeror);
- 3) any guarantor of the securities;
- 4) any investment firm providing underwriting services or agent services in connection with the public offering;
- 5) the issuer's independent auditors, but only with respect to the audited financial statements included in the prospectus covered by their audit report;
- 6) any other persons upon whose authority or expertise a statement is included in the Prospectus, but only with respect to the adequacy and accuracy of such statement.

The prospectus shall contain all information about persons responsible for accuracy and completeness of information contained therein. As for a natural person, his/her name and title shall be registered while for a legal entity name and seat shall be registered.

The prospectus must contain a declaration made by each of the persons responsible for accuracy and completeness of information stating that to the best of their knowledge information contained in the prospectus, are in conformity with the actual facts, and that the facts that might affect the authenticity and completeness of the prospectus are not omitted.

The persons who drew up only the summary of the prospectus have a joint and several liability only for the damages caused by the summary if it is misleading, inaccurate or inconsistent when read together with the other parts of the prospectus, unless the person could not be aware of significantly inaccurate or misleading information contained in the prospectus.

The Commission is held responsible for accuracy and completeness of information contained in any part of the prospectus, i.e. summary of the prospectus for public offer or admission to trading on the regulated market or the MTF.

Minimum Information

Article 20

The Commission shall issue regulations regarding the form and content of the prospectus and the specific information which must be included in a prospectus for different types of issuers, securities and offerings as well as publication and notification related to the prospectus.

When adopting regulations referred to in Para. 1 hereof, the Commission shall take account of the standards in the field of financial and non-financial information set out by the International Organization of Securities Commission (IOSCO) and pertinent regulations of the European Union related to the prospectus.

Omission of Information

Article 21

Where the final price and the amount of securities in a public offer cannot be included in the prospectus, the issuer, or an offeror has the obligation to:

- 1) disclose in the prospectus the criteria and conditions under which the final price in the offer shall be determined, or disclose the maximum final price in the public offer, and

disclose the criteria and conditions under which the final amount of securities offered shall be determined, or;

2) if he/she fails to act as referred to in Item 1) hereof and fails to enable the investor to withdraw the declaration of their acceptance of the offer, or of their subscription of securities within two working days following the day of publication of the final price and the amount of securities offered.

The issuer, or the offeror, has the obligation to inform the Commission of the final price and the amount of securities offered, and to make the information public in conformity with the provisions of Article 31, Para. 1 hereof.

At a request made by the issuer or offeror, the Commission may authorize the omission of data which the prospectus must contain pursuant to the provisions of this Law a under the condition that:

- 1) the disclosure of such information would be contrary to the interest of the public;
- 2) the disclosure of such information might be seriously detrimental to the issuer, while it is not likely that the omission of such information would mislead the public as regards the facts detrimental to an informed assessment of the issuer, offeror, guarantor or the rights attached to the securities;
- 3) the information is of minor importance for a specific offer or admission of securities to a regulated market or to a MTF and is not such to influence the assessment of the financial position and prospects of the issuer, offeror or guarantor.

When the information, which must be contained in the prospect pursuant to the provisions of Article 20 hereof is extremely inappropriate to the issuer's sphere of activity or to the legal form of the issuer or to the securities to which the prospectus relates, instead of such information the prospectus must contain other equivalent information if such other information exists.

The Commission shall reach its decision regarding the request referred to in Para. 3 hereof within seven working days from the day of receiving the request.

The Commission shall regulate details on criteria, methods of documentation submission and fulfillment of conditions for omission of data from the prospectus.

Validity of the Prospectus, Base Prospectus and Registration Document

Article 22

The prospectus shall be valid for 12 months after its publication for the purposes of the offers of securities to the public or the admission to a regulated market, under the condition that the information in the prospectus, where appropriate, updated by a supplement to the prospectus, containing the latest information on the issuer and securities which shall be offered to the public or admitted to trading on a regulated market or MTF pursuant to provision of Article 33 hereof.

In the case of an offering program referred to in provisions of Article 18, Para. 1, Item 1) hereof, the base prospectus filed previously is valid for 12 months.

In the case of debt securities referred to in Article 18, Para. 1, Item 2) hereof, the base prospectus is valid until no more of the securities concerned are issued in a continuous or repeated manner.

A registration document, as a part of divided prospectus approved by the Commission, shall be valid for 12 months under the condition that it is updated pursuant to provisions referred to in Article 23, Para. 1 hereof.

The valid prospectus consists of the registration document, document related to the securities updated, if necessary, pursuant to provisions of Article 25 hereof as well as the prospectus summary.

Annual Document on Published Information

Article 23

The issuer, whose securities were admitted to a regulated market or MTF, must at least once a year create and publish a document which contains or refers to the information that were published or made available to the public by the issuer over the preceding 12

months pursuant to obligations referred to in provisions of this Law, regulations passed based on this Law and laws regulating business companies.

The annual document containing the published information referred to in Para. 1 hereof shall be submitted to the Commission no later than 20 working days from the day of publishing of audited annual financial reports of the issuer and disclosed to the public pursuant to Article 31 hereof.

Where certain information is included in the annual document containing the information published by reference to other documents, it must be stated where the latter are made available to the public, and it shall be stated, if that is the case, that some information may be outdated.

The obligation referred to in this Article is not applicable to the issuers of debt securities having a denomination per unit of at least 50,000 euro in dinars equivalent.

The Commission shall prescribe in detail the manner in which the annual document containing the information published must be made public, as well as the terms of publishing and submitting the document to the Commission.

Referring to Documents

Article 24

The information may be incorporated in the prospectus by reference to one or more documents published previously or simultaneously with the prospectus, while the information incorporated in the prospectus in this manner shall be the latest information available to the issuer.

In the case referred to in Para. 1 hereof, the prospectus must also contain a clear general overview of all the documents which contain such information, with a clear indication of which part of an individual document contains the specific information.

Information contained in the prospectus related to financial reports shall not be included by referring to them.

The prospectus summary shall not refer to other documents.

Specific Rules for the Prospectus Composed of Separate Documents

Article 25

The issuer that already has his registration document approved by the Commission and that is valid pursuant to provisions of Article 22, Para. 1 hereof, when the securities are offered to the public or when the securities are admitted to a regulated market or MTF, is required to draw up both the securities note and the summary of the prospectus.

In the case referred to in Para. 1 hereof, the securities note shall provide information that would normally be provided in the registration document if there has been a material change or recent development which could affect investors' assessments since the latest updated registration document or any supplement as referred to in Article 33 hereof.

The securities and summary notes shall be subject to a separate approval in the cases referred to in Para. 1 and 2 hereof in a way regulated by provisions of this Law concerning the prospectus approval.

Where no decision was made regarding the issuer's application for approval of a registration document, and the issuer further submits the application for the approval of the securities note and the summary of the prospectus, the subject of the approval shall be all the documents composing the prospectus composed of separate documents, which shall also contain all potential new information referred to in paragraph 2 of this Article.

Application for Approval for Prospectus Publication

Article 26

An application for the approval of the prospectus with the purpose of offering securities to the public may be submitted by the issuer, or by the offeror.

- 2) if the prospectus contains information that is significantly inaccurate, inconsistent, misleading or omitting important facts causing wrong, inaccurate or misleading informing of investors, and the applicant failed to supplement them within set deadline;
- 3) the applicant is an issuer being pronounced a supervisory measure by the Commission due to violation of provisions of Chapter V of the Law, and the issuer failed to act pursuant to the pronounced measure;
- 4) the information in the prospectus is not in compliance with the issuer's decision regarding the issuance of the securities or their admission to trading; or it does not reconcile with other information required to be submitted as part of the application;
- 5) when the prospectus refers to the public offer of securities and the decision of the competent body of the issuer of the securities is null and void or invalidated;
- 6) the issuer is undergoing bankruptcy proceedings.

Obligation to Publish the Prospectus

Article 30

The issuer or the offeror shall publish the prospectus within 15 days from the day of receiving of the decision on approval of the prospectus publication, but no later than the beginning of the public offer or admitting of securities to the regulated market or MTF, and shall submit it to the Commission.

When the prospectus refers to the public offer of shares not admitted to trading on a regulated market i.e. MTF that is to be admitted to trading for the first time, the prospectus shall be available at least six working days before the end of the offer.

Should the issuer fail to act as referred to in Para. 1 of this Article, the Decision regarding approval of the prospectus publication shall be deemed null and void.

Prospectus Publication Procedure

Article 31

The obligation to publish the prospectus is fulfilled when the availability of the prospectus to the public is ensured in one of the following manners:

- 1) by insertion in one or more daily general or financial newspaper circulated throughout the territory of the Republic;
- 2) in a printed form to be made available, free of charge, to the public at the premises in which the regulated market or MTF to which the securities shall be admitted operates, at the premises of the head office of the issuer and all the offices of the financial intermediaries who perform the tasks related to the placing or selling the securities;
- 3) in the electronic form on the official website of the issuer, and if possible on the web sites of financial intermediaries providing services and activities related to the placing or selling the securities;
- 4) in the electronic form on the official web site of the regulated market or MTF where the admission is sought.

The Commission may require issuers who elect to publish their prospectus in accordance with provisions of Para. 1, Items (1) and (2) above also to publish their prospectus in an electronic form in accordance with alternative provisions of Para. 1, Item 3) of this Article.

If the prospectus or the base prospectus are published in accordance with Para. 1, Items 3) and 4) of this Article, they shall be easily accessible when entering the website, the file format shall be such that the prospectus cannot be modified, the prospectus shall not contain hyperlinks except to information incorporated by reference, and investors must have the possibility of downloading and printing the prospectus and base prospectus.

Publication of a notice stating how the prospectus has been made available and where it can be obtained by the public shall be published in at least one daily newspaper.

The notice referred to in Para. 4 of this Article shall be published on the day following publication of the prospectus and a copy of the notice shall be forwarded to the Commission.

The Commission shall publish on its website all the prospectuses approved, or at least the list of prospectuses approved in last 12 months or at least a list, including, if applicable, a hyperlink to the prospectus published on the website of the issuer, or on the website of the regulated market or MTF, and in the case of prospectuses not made available in this manner, an indication of how the prospectuses have been made available and where they may be obtained

The Commission shall regulate details regarding terms on prospectus publication.

In the case of a prospectus comprising several documents and/or incorporating information by reference, the documents may be published and circulated separately provided that the said documents are made available, free of charge, to the public, in accordance with the arrangements established in Para 1 of this Article.

Each document referred to in Para. 8 of this Article shall indicate where the other constituent documents of the full prospectus may be obtained.

The text and the format of the prospectus, and/or the supplements to the prospectus, published or made available to the public, shall at all times be identical to the original version approved by the Commission.

Where the prospectus is made available by publication in electronic form, a paper copy must nevertheless be delivered to the investor, upon his request and free of charge, by the issuer, the offeror, the person asking for admission to trading or the financial intermediaries placing or selling the securities.

Advertisements

Article 32

Any form of advertisements with regard to the offer of securities to the public or to the admission to a regulated market or MTF, must be in conformity with the provisions of this Article.

When, pursuant to the provisions of this Law, the obligation exists to draw up and make public the prospectus, each advertisement must indicate that the prospectus has been published, or that it shall be published, and also indicate where and in which manner the investors may obtain the prospectus.

An advertisement shall be clearly recognizable as such, and the information contained in it shall not be inaccurate, and shall not mislead the investors. All the information in the advertisement must be in conformity with the information in the prospectus, if the prospectus was already published, or with the information which shall be included in the prospectus if the prospectus is to be published afterwards.

Any information concerning the offer of securities to the public or the admission to a regulated market i.e. MTF, must be in conformity with the information contained in the prospectus, regardless of whether it is disclosed in an oral or written form and regardless of whether it was disclosed for the purpose of advertising.

Where, pursuant to the provisions of this Act, the obligation to draw up the prospectus and make it public does not exist, the issuer or the offeror has the obligation to disclose all the information related to the offer and disclosed to any single one of the qualified investors, or special categories of investors to which the offer is addressed, to all of the qualified investors or special categories of investors to which the offer is addressed.

The information referred to in Para. 5 of this Article, disclosed with regard to the offer for which the obligation exists to draw up the prospectus and make it public, pursuant to provisions of Article 33, Para. 1 hereof must be included in the prospectus or in a supplement to the prospectus.

The Commission shall have the power to exercise control over the compliance of advertising activity, relating to a public offer of securities or admission to trading on a regulated market or MTF while all types of advertisement shall be forwarded to the Commission electronically.

For purposes of this Article, "advertisements" mean announcements:

- 1) relating to a specific offer to the public of securities or to admission to trading on a regulated market or MTF;
- 2) aiming to specifically promote the potential subscription or acquisition of securities.

Supplement to the Prospectus

Article 33

Where within the period between the time of the approval of the prospectus and the final closing of the offer to the public, or the time when trading on a regulated market begins, a new fact arises or the existence of an inaccuracy or incompleteness is established, relating to the information contained in the prospectus which may affect the assessment of securities the issuer or the offeror has the obligation to supplement it promptly and to submit the supplement to the prospectus to the Commission for approval.

The supplement to the prospectus must contain an instruction for the investors regarding the rights set out in this Article.

The Agency shall approve the supplement to the prospectus within seven working days from the receipt of the application for the supplement of the prospectus and shall be published the first next day upon the approval applying adequately the provisions regarding the approval of the prospectus.

The summary of the prospectus must be supplemented if this is necessary in view of the content of the supplement to the prospectus.

The investors which agreed to purchase or to subscribe for the securities in a public offer prior to the publishing of the supplement to the prospectus, shall have the right to withdraw their acceptances to purchase or to subscribe for the securities within the time limit set out in the supplement to the prospectus, which shall not be shorter than two working days after the publication of the supplement to the prospectus.

If the prospectus will be used even upon termination of the public offer or admission to trading on the regulated market or MTF, within the period that shall not exceed the prospectus validity referred to in Article 22 of this Law, such a prospectus shall be supplemented pursuant to provisions of this Article.

Subscription and Payment Procedures

Article 34

The public offer of securities shall not start prior to issuing of the prospectus.

The public invitation, as an integral part of the prospectus, shall contain:

1) the date of commencement of the subscription and payment and the deadline for the subscription and payment for the securities;

2) the information on the location where the subscription and payment can be performed, and/or where the prospectus for issuing securities can be inspected or where a copy of such prospectus can be obtained.

The deadline to initiate subscription and payment of securities shall start within 15 days following the day of the receipt of resolution on the approval of prospectus for publication.

The deadline for subscription and payment of securities shall not last more than three months from the day stated in the prospectus.

If so determined by the prospectus, the Commission shall, at request of the issuer or the offeror, grant the extension of the deadline for subscription and payment of securities to additional 45-days.

Provisions of this Article shall not be applied to debt securities offered based on the prospectus.

Location of Subscription and Payment

Article 35

Subscription of securities shall be performed in investment firms, on the basis of the written contract concluded between such firm and the offeror.

Payment of securities shall be performed in a credit institution – member of the Central Registry, on the basis of the written contract concluded between such credit institution and the offeror.

Subscription and payment shall not be performed by an investment company or a credit institution being the issuer or the offeror of securities subject to the subscription or payment.

Subscription and payment of securities may be performed through a regulated market or MTF in accordance with the regulation of the Commission.

The Commission shall regulate details related to subscription and payment of securities of a public company.

Report on the Outcome of the Public Offering

Article 36

The issuer or the offeror shall be obliged to publish and file with the Commission, not later than three working days following the completion of a public offering a report on the outcome of the public offering.

The report must include information on the amount of securities issued and offering proceeds received and whether the public offer has been successful or not.

The report shall be published in the same manner that the prospectus was published pursuant to Article 31 of this Law.

The Commission shall prescribe the form and content of information required in the report referred to in Para. 1 of this Article.

Entry and Transfer of Securities into the Central Registry

Article 37

The issuer shall submit to the Central Registry, through a member of the Central Registry and in accordance with the regulations of the Central Registry, a request for opening of an account and for the entry into the Central Registry of information regarding the persons:

- 1) who purchased securities – within five working days from completion of the public offer;
- 2) who purchased or granted securities pursuant to provisions of Article 12 of this Law.

The issuer or the offeror shall submit an application through a member of the Central Registry regarding the transfer of securities on the accounts of legal holders within five working days from the day of completion of the public offer.

The Central Registry shall perform entry and transfer of securities to legal holders within three working days from the day of receiving a proper application.

Upon termination of procedures referred to in Para. 3 of this Article, the Central Registry shall inform the Commission and a member of the Central Registry thereof while the regulated market and the MTF shall be informed provided that such securities are admitted to trading.

Admission of Securities to Trading in the Regular Market or the MTF

Article 38

Within three days following the receipt of the information from the Central Registry regarding the completion of the procedures specified in Article 37, Para. 1 hereof if the securities are required to be admitted to trading on a regulated market i.e. MTF, or the issuer has elected to seek admission to trading of the securities, the issuer shall be obliged to submit to the market operator or MTF the request for admittance to trading.

Immediately following the admission to trading of a class of securities or additional securities in a class of securities, the market operator or MTF shall be obliged to publish a notice to this effect on its website and to send a copy of such notice by electronic means to the Commission and the issuer.

Application for Approval for Publication of Foreign Issuers Prospectus

Article 39

An issuer that is residing outside the Republic shall be entitled to make application to the Commission for public offering or admission to trading of its securities on a regulated market or MTF within the Republic.

The applicant shall submit to the Commission a written confirmation from the competent authority of the third country regarding whether the subject securities are of the same class publicly offered or admitted to trading in the issuer's home country.

Through an authorized investment firm an application for granting the public offer of securities or admission to trading in the regulated market or MTF shall be submitted to the Commission; the application shall be supplemented with the prospectus approved by a competent body of the issuer country along with proper original documentation or certified translation thereof.

The application referred to in Para. 1 of this Article shall be forwarded to the National Bank of Serbia pursuant to provisions of Article 8 hereof.

When the application refers to depository receipts issued or admitted to trading on the regulated market or MTF, the Commission shall receive a copy of the contract between the issuer and the credit institution authorized to operate in the Republic that will issue a depository receipt as well as evidences that the securities represented by the depository receipt fulfill conditions referred to in Para. 2 of this Article.

The Commission approves publication of the prospectus produced in line with provisions in the country of origin of the issuer and this Law when and if obligations

regarding information disclosure correspond to obligations under provisions of this Law and regulations of the Commission.

Foreign countries, government bodies, central banks, international and supra-national institutions such as the International Monetary Fund, European Central Bank, European Investment Bank and other similar international organizations may offer securities in the Republic and admit securities to trading on the regulated market or MTF in the Republic without fulfilling conditions referred to in Para. 1 of this Article and in conformity with regulations of the Commission related to the form and the content of applications and documentation for securities of the issuers above.

Provisions of this Law related to entering of securities in the Central Registry and their admission to the regulated market or MTF shall apply to securities of foreign issuers.

Securities of Local Issuers Offered on Foreign Markets

Article 40

Equity securities of local issuers may be offered to the public on foreign markets provided that the issuer is allowed to issue the prospectus for the public offer or for admission of securities on the regulated market or MTF in the Republic in which case a timely notice shall be forwarded to the Commission.

The issuer may admit equity securities outside the Republic if they do not fulfill legal requirements for approval of the prospectus publication or for admission of securities on the regulated market or MTF in the Republic with the prior approval of the Commission.

Without the approval of the Commission, the issuer is allowed to perform the following actions outside the territory of the Republic:

- 1) offer or admit to the secondary market its debt securities or depository receipts related to those debt securities;
- 2) offer securities with or without approval for prospectus publication or admit securities on the secondary trading.

Procedures regarding Transactions Exempted from Obligation of Prospectus Publication

Article 41

When offering securities exempted from obligation of the prospectus publication as referred to in provisions of Article 12, Para. 1, Items 7), 8) and 10) hereof and prior to acting in accordance with provisions of Article 37 of this Law, the issuer of securities shall be required to file with the Commission and seek Commission approval of the documents required for purposes of such exemptions in accordance with Commission regulations.

In the case of all other transactions exempted from prospectus publication requirements under Articles 12 and 13 of this Law, no filing with the Commission shall be required regarding such exemption. The issuer shall proceed to comply with Article 37 of this Law subject to applicable requirements of the Central Registry and any regulated market or MTF on which the securities are to be admitted to trading.

In cases referred to in Para. 2 of this Article, the Commission may during the supervision, require from the issuer, offeror or a person who submitted the application to admit securities on the regulated market or MTF to submit information on the application of exemptions referred to in Article 12 of this Law.

An issuer or other person who issues or sells securities in reliance upon one of the exemptions from publication of a prospectus included in Article 12, Para. 1 of this Law shall be required to make available to investors in advance of the sale of securities information that is substantially equivalent to the information that would be required under this Law and Commission regulations, in a prospectus used for a public offering involving the same type of issuer, securities and transaction, subject to the following:

- 1) such information need not be provided in the format required for a prospectus;
- 2) such information shall not be required to be filed with or approved by the Commission;

3) if the issuer is not a public company, does not have audited financial statements in line with provision of the law regulating accounting and auditing, and the preparation of audited financial statements would involve unreasonable effort or expense in connection with the transaction, unaudited financial statements may be used;

4) any information that is made available to a qualified investor participating in the exempt offering shall be made available to all other investors participating in the offering.

Supervisory Powers of the Commission

Article 42

The Commission shall perform supervision over fulfillment of obligations prescribed by provisions of this Chapter related to the public offer of securities or admission to the regulated market or MTF in the Republic.

The supervision referred to in Para. 1 of this Article covers as follows:

- 1) monitoring, collecting and checking of data and notifications published by persons obliged to submit them to the Commission;
- 2) insight in business operations of the issuer and its parent and daughter companies;
- 3) pronouncing supervisory measures referred to in Articles 43 and 44 of this Law.

Supervisory Measures during the course of Public Offering of Securities or Procedures for Admission of Securities to Trading

Article 43

Should the Commission determine while a public offering of securities or admission to trading in securities is pending completion that information in the prospectus is materially false or misleading or fails to state material information necessary to make the information included not misleading, it shall require from the issuer to perform the following actions within the set deadline:

- 1) publish the corrected information in the same manner as the prospectus was published;
- 2) physically distribute copies of the prospectus or accompanying documents with correct information to all persons who have previously subscribed for the securities;

In the case of the prospectus for the public offer, the Commission shall request from the issuer and the offeror to act within the set deadline as follows:

- 1) suspend any further subscription, issuing subscription receipts and receiving payment on the basis of subscription until the issuer corrects the information by supplementing the prospectus or accompanying documentation;
- 2) inform all persons who subscribed for or purchased securities and enable them, if they want so, to invalidate the subscription within five days from the day of pronouncing the supervisory measure and have they proceeds paid for the subscription back.

The issuer shall be obliged to submit to the Commission the report including evidence on the eliminated irregularities within the specified deadline.

Should the Commission establish that the procedures set forth in Para. 2 of this Article have been implemented within the prescribed deadline, it shall terminate the suspension and inform thereof the public, issuer or persons that have performed the subscription and payment of securities of such issuer.

Should the issuer fail or be unable to implement the corrective procedures within the prescribed deadline, the Commission shall annul the prospectus by a Decision and the public offer and inform thereof the public, issuer and persons that have performed the subscription and payment of securities.

Should the prospectus for public offering be annulled, this issuer or another person being the owner of securities, shall refund the paid amounts with interest to the persons that performed the subscription and payment of securities, within three days following the day of the receipt of the Commission referred to in Para. 5 of this Article.

In the case of reasonable doubt that there has been a violation of provisions of this Chapter, the Commission may temporarily suspend the public offering or admission to trading for a maximum of 10 consecutive working days.

Other Supervisory Measures

Article 44

When conducting the supervision, the Commission is entitled to:

- 1) require issuers, offerors or persons asking for admission to trading on a regulated market or a MTF, to include in the prospectus supplementary information, if necessary for investor protection;
- 2) require issuers, offerors or persons asking for admission to trading on a regulated market or a MTF and the persons that control them or are controlled by them, to provide information and documents important for implementation of the supervision over enforcement of provisions of this Chapter;
- 3) require auditors and managers of issuers or offerors, persons asking for admission to trading on a regulated market or a MTF, as well as their intermediaries commissioned to carry out the public offering or the admission to trading on the regulated market or a MTF, to provide additional information and documents important to the supervision over enforcement of provisions of this Chapter;
- 4) prohibit or suspend advertisements for a maximum of 10 consecutive working days on any single occasion if it has reasonable grounds to believe that the provisions of this Law or Commission regulations have been infringed;
- 5) suspend trade on a regulated market or MTF or OTC if it finds that the provisions of this Law or Commission regulations have been infringed;
- 6) undertake other measures and sanctions in compliance with provisions of the Chapter XIII of the Law.

When conducting measures referred to in Para. 1 of this Article, the Commission shall take into consideration the gravity of the infringement of provisions of this Chapter and the purpose to be accomplished through the measure implementation.

IV SECONDARY TRADING

Intermediation in Secondary Trading

Article 45

Only investment firms licensed by the Commission are entitled to trade on a regulated market or MTF while other persons may trade through intermediation of those firms.

Only investment firms licensed by the Commission shall be entitled to intermediate transactions in an OTC market.

The permission of the Commission for the OTC market is not required, and the Commission shall supervise this market through implementation of supervision over investment firms performing transactions in financial instruments on the OTC market.

Secondary Trading in Financial Instruments

Article 46

The public company shall submit an application for admitting its equity securities in trading on a regulated market in the Republic unless otherwise provided by this Law.

If the equity securities do not meet the listing standards of the securities market, they shall be admitted to trading on a free tier of the securities market.

Should the equity securities fail to meet requirements envisaged for admission on the regulated market which is not listing, the securities shall be admitted to trading on the MTF.

Should the equity securities be excluded from the regulated market or the MTF pursuant to Article 122 of this Law, they will be traded freely.

An issuer of debt securities is not required to apply for admission to trading of securities on a securities market but if debt securities do not meet the listing standards of the regulated market, at the issuer's request, they may be admitted to trading on a free tier of the securities market or MTF.

When debt securities have been admitted to trading on a regulated market i.e. MTF, the debt securities may be traded off the market or MTF in compliance with provisions of the Law.

Transactions in standardized derivative financial instruments shall be traded on a regulated market i.e. MTF.

Transaction Registration

Article 47

Transactions in securities conducted outside a regulated market and a MTF shall be timely reported to the Central Registry by the intermediary or the seller, and in the case securities are admitted to trading on a regulated market or a MTF, those transactions shall be reported to the regulated market and the MTF, as well.

Other Transactions Exceptions

Article 48

The following transactions in financial instruments shall be performed outside of a regulated market or MTF:

- 1) with a view to fulfillment of measures and liabilities in the process of status changes and changes of the legal form of a business company, pursuant to provisions of the Law regulating business companies as well as in the process of reorganization of a business company in compliance with the provisions of the Law regulating business companies;
- 2) with a view to realization of specific rights of shareholders and members in disagreement, in compliance with the provisions of the Law regulating business companies;
- 3) with a view to execution of the final court decision which ends inheritance, bankruptcy, or liquidation proceedings, and/or with a view to execution of a final court decision by which another court proceeding is completed;
- 4) regarding an offer for takeover in compliance with the provisions of the Law regulating takeover of joint stock companies.

Unless otherwise provided by the Government enactment, the following transactions may be performed outside of a regulated market or MTF:

- 1) transfer of property without compensation over shares issued by banks, from the State Union Serbia and Montenegro to the Republic, on the basis of the Law on Regulating Relations Between the Federal Republic of Yugoslavia and Legal Entities and Banks From Territory of the Federal Republic of Yugoslavia Being the Original Debtors or Guarantors Towards Paris and London Club of Creditors ("FRY Official Gazette" No. 36/02 and 7/03);
- 2) trade of shares issued by banks where the lawful possessor of such shares is the Republic on the basis of the Law on Regulating Relations Between the Federal Republic of Yugoslavia and Legal Entities and Banks From Territory of the Federal Republic of Yugoslavia Being The Original Debtors or Guarantors Towards Paris and London Club of Creditors and the Law on Settlement of Public Debt of the Federal Republic of Yugoslavia based on Citizens Foreign Currency Savings („FRY Official Gazette ", No. 36/02 and „Official Gazette of RS", No. 80/04 and 101/05);
- 3) trade with shares issued by banks, when the lawful possessor of such shares is the Republic;
- 4) trade with shares issued by banks, when the lawful possessor of such shares is the Deposit Insurance Agency, in compliance with applicable law;
- 5) trade with shares issued by banks, when lawful possessors of such shares have empowered the Deposit Insurance Agency by a special contract which shall be concluded in written form, to perform sale of such shares for account and on behalf of third parties;
- 6) trade with shares issued by insurance companies, when the lawful possessors of such shares empower the Deposit Insurance Agency by a special contract which shall be

concluded in written form, to perform sale of such shares for account and on behalf of third parties, in compliance with the law regulating insurance;

7) trade with shares issued by banks, when such trade is performed in the procedure of cashing of property of banks undergoing bankruptcy and/or liquidation proceedings, where the function of the receiver and/or liquidation administrator is performed by the Deposit Insurance Agency;

8) trade with shares of the Central Registry, securities exchange and other persons in the financial sector, when the Lawful possessor of such shares is the Republic;

9) trade with shares of the Central Registry, securities exchange and other persons in the financial sector, pursuant to the law regulating activities and organization of banks, when lawful possessors of such shares have empowered the Deposit Insurance Agency by a special contract which shall be in written form, to perform sale of such shares for account and on behalf of third parties.

Outside a regulated market or a MTF, shares of public companies may be traded as follows:

1) the equity securities transferred to the Share Fund, i.e. its legal successor in compliance with the Law as well as shares of individual shareholders offered for sale at the same time as the shares of the Share Fund;

2) equity securities whose lawful possessor is the Republic Fund for Pension and Disability Insurance of the Employees;

3) equity securities whose lawful possessor is the Republic Development Fund;

4) equity securities whose lawful possessor is the Republic.

The Government may regulate in detail procedures and methods of trading in securities referred to in Para. 2 and 3 hereof.

Transactions conducted in compliance with provisions of this Law, the salesman shall register at the regulated market or MTF on which the trading is conducted.

Supervisory Measures upon Admitting Securities on the Securities Market

Article 49

After admitting securities on the regulated market or MTF, the Commission is authorized to:

1) inspect business operations of the issuer, a controlling company and their subsidiary and affiliated companies in the Republic of Serbia, if this is necessary in order to inspect and determine whether the issuer acts in compliance with provisions of this Chapter;

2) in order to protect the investor and the overall market, order the issuer of those financial instruments to disclose all important information that could have impact on the assessment of value of financial instruments;

3) temporarily suspend or request from a regulated market or a MTF to temporarily suspend trading in financial instruments if there is a reasonable doubt that provisions of this Chapter or Commission regulations have been violated or if in opinion of the Commission, the position of the public company is such that the trading would harm the investor's interests;

4) undertake other measures and sanctions in compliance with provisions from Chapter XIII of this Law.

The Commission may consult the market operator when deciding on temporary suspension or prohibition of trading on a regulated market or a MTF.

V OBLIGATIONS FOR PUBLIC COMPANIES

Annual Reports

Article 50

A public company shall prepare its annual report, disclose it, and lodge it with the Commission, and if the company's securities are traded on the stock market, it shall furnish such Report to the regulated market, i.e. the MTF, within four months after the end of each financial year, as well as ensure that the annual financial report is available to the public for minimum five years after the date of publishing.

An annual report shall include:

- 1) annual financial statements including auditor's report;
- 2) a company's annual operating report;
- 3) a statement by the persons responsible for the preparation of the annual report, indicating their names, posts, and responsibilities in the public company, and stating that, to the best of their knowledge, the annual financial report is prepared in line with the relevant International Financial Reporting Standards, and reflects accurate and objective information about the assets, liabilities, financial position and performance, profit and loss, cash flows, and movements in equity of the public company, including its subsidiaries included in the consolidated reports.

A company's annual operating report shall indicate expressly:

- 1) a truthful presentation of the company's development and performance, and particularly the company's financial position, as well as the relevant information for company assets valuation;
- 2) description of the company's expected future development, policy changes, as well as the major risks and threats faced by the company;
- 3) all significant business events that occurred after the end of the reporting financial year;
- 4) all significant transactions with related parties;
- 5) the company's research and development activities.

Should the company acquire own shares after the date of the previous annual financial report, the annual report shall state the reasons for acquiring such company's own shares, the number and nominal value of such company's own shares, i.e. book value of such company's own shares without nominal value, the names of the persons from whom such company's own shares were acquired, the indicated cost paid by the company for such acquisition, i.e. indication that such own company's shares were acquired free of charge, as well as the total number of the company's own shares held by the company.

A public company's financial report shall be prepared in compliance with the accounting and audit legislation.

Audit of financial reports shall be carried out in compliance with the accounting and audit legislation, and auditor's reports signed off by the person responsible for audit of financial statements shall be fully disclosed to the public, supporting the annual financial report.

All public companies preparing consolidated financial reports shall be governed by the provisions herein accordingly.

The Commission shall specify closer the contents and terms for disclosure of annual financial reports.

Adopting Annual Report

Article 51

Should the relevant body in a public company fail to adopt the annual report within the timeline specified in Article 50, Para. 1, herein, the public company shall disclose it to the public within the timeline specified in the same Para., with a statutory remark that the annual report has not been adopted by the relevant body in the company.

In the event described in Para. 1 above, the public company shall disclose to the public that the annual report was adopted by the relevant body in the company within seven days after the date of its adoption, and shall disclose any differences in relation to the previously disclosed report.

The public company shall also disclose fully the decision by the relevant body on the adoption of the annual report, the profit sharing decision and the loss financing decision, unless such decisions comprise an integral part of the annual report.

Semi-annual Reports

Article 52

A public company whose securities are traded on the regulated market shall prepare a semi-annual report for the first six month of the financial year, promptly and no later than within two months after the end of the reporting semi-annual period, in compliance with the rules that apply for annual report, and shall disclose it, lodge it with the Commission and the regulated market on which the company's securities are traded.

The public company shall make the report specified in Para. 1 above available to the public for a period of minimum five years from the day of its publication.

Semi-annual reports to be disclosed and lodged with the Commission shall include:

- 1) an abridged balance sheet, including a comparative overview of the information from the previous year's balance sheet;
- 2) an abridged income statement, including a comparative overview of the information for the same period of the previous year;
- 3) an abridged statement of movements in equity, including the comparative information for the previous year;
- 4) an abridged cash flow statement, including the comparative information for the same period of the previous year;
- 5) accompanying notes to semi-annual reports that must include adequate information to allow the comparison of semi-annual reports with annual reports, as well as adequate information and clarifications necessary for the investors' proper understanding of all significant changes in the relations and events that have influenced the balance sheet and the income statement;
- 6) the company's semi-annual operating report that must include the description of all significant events that occurred in the first six months of the financial year, the impacts of such events on the semi-annual reports, including the description of risks and uncertainties in the remaining six months of the financial year, the information on all significant transactions with related parties effected in the first six months on the current financial year that have had a significant impact on the company's financial position and performance during that period, as well as any change in the transactions with related parties specified in the previous annual report that could significantly influence the company's financial position or performance in the first six months of the current financial year;
- 7) a statement by the persons responsible for the preparation of the semi-annual report, stating their posts and responsibilities in the public company, and that, to the best of

their knowledge, the semi-annual financial report is prepared in line with the relevant International Financial Reporting Standards, and reflects accurate and objective information about the assets, liabilities, profit and loss, financial position and performance of the public company, including its subsidiaries included in the consolidated reports.

The abridged statements specified in Para. 3, Items 1) – 4) above shall include no more than all headings and subtotals that were included in the previous annual financial report, and the additional items may be added only if their omission in the semi-annual financial statements would result in the misrepresentation of the issuer's assets, liabilities, financial position, profit or losses, or performance of the issuer.

In the event that the public company is under obligation to prepare its financial statements in the annual report on a consolidated basis, the financial statements prepared for the semi-annual report shall also be prepared on a consolidated basis, and disclosed as such.

In the event that the semi-annual financial reports have been audited, the public company shall also disclose to the public the auditor's report in compliance with the terms and within the timeline specified in Para. 1 and 2 above.

In the event that the semi-annual financial reports specified in Para. 1 above have not been audited, the public company shall disclose it in a statement in their semi-annual report.

The Commission shall specify closer the contents and terms for disclosure of semi-annual financial reports.

Quarterly Reports

Article 53

A public company whose securities are traded and quoted on the regulated market shall disclose a quarterly report and lodge it with the Commission and the market operator no later than within 45 days after the end of each of the first three quarters of the current financial year, as well as ensure that such report is made available to public for a period of minimum five years from the date of its publishing.

Quarterly reports shall be governed accordingly by the provisions of Article 52, Para. 3, herein.

The Commission shall specify closer the contents and terms for disclosure of quarterly financial reports.

Audit of Public Companies' Financial Statements

Article 54

A legal entity performing audit may audit maximum five consecutive annual financial reports in one public company.

The auditor specified in Para. 1 above cannot both audit the company's annual financial reports and provide consulting services to the company, and cannot audit the reports for the financial year in which they provided such services.

A person who performs audit shall have the highest professional rank in the field of audit, in compliance with the audit legislation, as well as minimum three years of professional experience on audit activities, and shall be independent from the public company in which he/she performs the audit.

The persons specified in Para. 3 above cannot be considered independent from the public company in the event that he/she, the audit company in which he/she is employed or the manager of such audit company has been in the current year or was in the two previous financial years, as well as during the audit:

- 1) closely connected with the company;

- 2) a business partner of the public company;
- 3) a direct or indirect holder of a stake in the company;
- 4) a liquidation or bankruptcy trustee for the company;
- 5) a contractual party in a contractual relation with a party that could negatively influence his/her unbiasedness and independence.

The auditor specified in Para. 1 above shall compile a report and give his/her opinion on whether the public company's annual financial statement are prepared in accordance with the International Financial Reporting Standards, i.e. International Accounting Standards, and the accounting and audit legislation, as well as whether they reflect accurately and objectively the financial position, operating performance, and cash flows over the reporting year in terms of all materially significant issues.

The auditor specified in Para. 1 above shall lodge with the Commission, the Management Board, and the Executive Board his/her opinion about the efficiency of the internal audit, risk management system and the internal controls system, and shall enclose his/her conclusions and findings as the statutory part of the management letter.

The Commission may request from the auditor to provide additional information relating to the performed audit.

The auditor specified in Para. 1 above shall notify the Commission, the Management Board, and the Executive Board, promptly after he/she becomes aware of it, of any fact that constitutes:

- 1) a breach of the law or acts specified in Para. 5 above;
- 2) a materially significant discrepancy from any financial result presented in the unaudited annual financial statements;
- 3) an event that could result in a material loss or that could undermine the public company's going concern.

The Commission may specify closer the terms and conditions for the notification from Para. 8 above.

In the event of any irregularity in the public company's performance identified in the auditor's report, the company shall correct such irregularity and notify the Commission thereof.

In the event of the public company's failure to correct the irregularity specified in Para. 10 above, the Commission may undertake the measures prescribed herein against such company.

Should the Commission determine that the audit has not been performed in line with the provisions herein, it shall not adopt the audit report and shall request that another auditor performs a repeat audit at the burden of the public company.

The Commission shall specify and publish a list of legal entities eligible to perform the audit specified in Para. 1 above, the eligibility criteria for auditors to be included or taken off the above list, as well as the consulting services that such persons are not allowed to provide in the same year for which they perform audit.

Additional Information

Article 55

A public company shall disclose promptly to the Commission and the regulated market, i.e. the MTF on which their securities are traded, any change that occurred in the rights in respect of equity securities, for each class of equity securities separately, including

also any changes in the rights ensuing from derivative financial instruments issued by such public company, bearing a right to acquire company equity securities.

A public company that is the issuer of securities other than equity securities, which are traded on the regulated market, i.e. the MTF, shall disclose promptly to the Commission and the regulated market, i.e. the MTF, any change in the rights in respect of such securities, including any changing conditions that could influence indirectly the change in the rights in respect of such securities, and particularly any change pertaining to the terms of borrowing and the interest rate.

Para. 2 above shall not refer to changing conditions that are caused by factors outside the will of the issuer and that are quantifiable, such as the LIBOR or EURIBOR spread movements, etc.

The Commission may stipulate the obligation to provide additional reports and the timelines for their submission.

Exemptions

Article 56

The provisions of Articles 50 to 53 herein shall not apply to public companies that issue exclusively debt securities that are traded on the regulated market, i.e. MTF, whose value per unit is minimum EUR 50,000 in Serbian Dinar equivalent.

Notification of Significant Proportions of Voting Rights

Article 57

In the event that an individual or a legal entity directly or indirectly reaches, exceeds or falls under 5%, 10%, 15%, 20%, 25%, 30%, 50%, or 75% of the voting rights in a public limited company whose shares are traded on the regulated market, i.e. the MTF, it shall notify thereof the Commission, such company and the regulated market, i.e. the MTF on which the shares of such company are traded.

The obligation specified in Para. 1 above shall apply also to reaching, exceeding or falling under the prescribed thresholds in a public limited company as a result of a change in the number of voting shares on which the issuer's equity is allocated or a change in the number of votes from such shares.

The proportion of voting rights that belongs to an individual or a legal entity is calculated based on the total number of issued voting shares, including the issuer's own shares, as well as the shares with no voting rights, i.e. limited voting right in accordance with law or a legal transaction, if such transaction is in accordance with law.

A public company whose shares are traded on the regulated market, i.e. the MTF, and in which there has been a change in the number of voting shares shall disclose publicly, at the end of each calendar month, the changes that occurred in and the revised total number of voting shares, as well as the value of equity, for the purposes of the calculation of the above threshold.

The public company that is the issuer of voting shares, upon the receipt of the notification specified in Para. 1 above shall disclose the information contained in the notification to the public promptly and no later than within three working days from the date of receipt.

The obligation specified in Para. 1 above shall apply to a person who directly or indirectly holds voting shares of a public company or certificates of deposit in his own name and on his own behalf or in his own name and on the behalf of another individual, i.e. legal entity.

The obligation to notify specified above applies to an individual or a legal entity holding directly or indirectly financial instruments that, by a unilateral statement of intent or

based on a binding legal transaction, give him the right to acquire previously issued voting shares of a public company that are traded on the regulated market, i.e. the MTF.

Acquisition or Holding Significant Proportions of Voting Rights

Article 58

The obligations specified in Article 57 herein shall apply also to an individual or a legal entity acquiring, selling, holding or exercising a voting right in one of the following events or in combination of the following events:

1) the voting right belongs to a third party with whom the individual or the legal entity has closed an agreement binding them to adopt a common long-term policy for management of that public company through joint exercising of the voting right that they hold;

2) the voting right transferred temporarily by the individual or the legal entity to a third party in order to exercise such rights, if such transaction is in accordance with the law;

3) the voting right is transferred to the individual or the legal entity as collateral, when that person controls that voting right and expresses his/her will in exercising such rights and if such transaction is in accordance with the law;

4) the voting right from shares for which a usufruct has been established on behalf of the individual or the legal entity;

5) the voting right that is held by or that can be exercised by, in compliance with the provision of Items 1) to 4) above, a company that is under the control of the individual or the legal entity;

6) the voting right from shares deposited with the individual or the legal entity, which that person may exercise independently, in a way that that person decides, unless there are specific instructions by the shareholder;

7) the voting right from shares held by a third party in his/its name, and for the behalf of the individual or the legal entity;

8) the voting right that that person may exercise as a proxy independently, in a way that that person decides, unless there are specific instructions by the shareholder.

Procedures for Notification and Disclosure of Significant Proportions of Voting Rights

Article 59

The notification specified in Article 57 herein shall indicate the following information:

1) official name, seat and address of the public company that is the issuer of shares;

2) information about the individual or the legal entity that reached, exceeded or fell under the threshold specified in Article 57 herein;

3) information about the controlled companies through which the person specified in Item 2) above exercises indirectly the voting right, if applicable;

4) information about the shareholder, if the shareholder is not the person specified in Items 2) and 3) above, as well as the information about the person who is exercising the voting right on behalf of that shareholder in compliance with Article 57 herein;

5) information about the document based on which and the way in which it is determined that one has reached, exceeded or fallen under the specified threshold;

6) information about the number of votes in the absolute or relative amount which reaches, exceeds, or falls under the specified threshold, based on the information provided by the issuer on the total number of issued voting shares;

7) information about the total number of votes in the absolute or relative amount that has been reached, exceeded or fallen under;

8) that date of reaching, exceeding or falling under the threshold.

The notification specified in Para. 1 above shall indicate the name, surname, personal identification number, and place of residence for individuals, i.e. official company name, legal form, seat, address, identification number and details about the responsible persons in the legal entity for legal entities.

The Commission shall specify closer the contents and the form of the notification specified in Para. 1 above, as well as the way and the terms of delivery of the notification.

The notification shall be submitted promptly and no later than within four days after the trading took place, with the first day of trading being the following day after the person specified in Articles 57 and 58 herein:

1) becomes aware of the acquisition or the sale, i.e. the possibility to exercise the voting right or could have become aware of it, considering the circumstances, irrespective of the date of acquisition, sale or commencement of the possibility to exercise the voting right;

2) is notified about the latest movements in equity in compliance with the provisions of Article 57, Para. 4 herein.

It shall be considered that the individual or the legal entity became aware or could have become aware of the acquisition or loss of the voting right or the possibility to exercise the voting right no later than within two trading days from the date of transaction.

Without prejudices to provision from Para. 4 above, and in the event from Article 58, Para. 1, Item 8) herein, a shareholder, i.e. shareholder proxy, shall furnish the notification specified in Article 57, Para. 1 herein to the public limited company and the Commission at the day of issuing, i.e. receiving proxy authorization.

The trading days for the purposes of this Article shall be the days of trading on the regulated market, i.e. the MTF on which the shares are traded.

In the event of the obligation to issue notification as specified above, as well as in Articles 57 and 58 herein, which pertains to other parties closely connected to the person acquiring voting shares, i.e. if there is more than one individual or legal entities responsible to give notification, one joint notification can be furnished, and it shall be considered that the obligation is fulfilled as soon as any of the above persons fulfils the obligation.

Exemptions from Statutory Notification of Significant Proportions of Voting Rights

Article 60

The provisions of Articles 57 and 58 herein shall not apply to:

1) the voting shares acquired with the sole purpose of clearing and balancing in the regular balancing cycle;

2) the voting right that custody banks may exercise only in accordance with the instructions given by the clients in writing or in electronic format.

3) the acquisition or sale of a significant portion of voting rights reaching or exceeding 5%, when such portion is acquired or sold by a market maker and if such activity does not influence the management of the issuer, i.e. does not influence the issuer to purchase such shares or to support the price of shares.

A legal entity shall not be under obligation to issue the notification of significant proportions of voting rights if such notification is provided by the parent company, i.e. the parent company of that company.

Exemptions in Calculation of Voting Rights Proportions

Article 61

In the event that a management company is exercising its voting rights independently of its parent company, the parent company of the management company shall not be obligated to issue the notification as specified in the provisions of Articles 57 and 58 herein relating to the proportions controlled by the managing company in compliance with the provision of the legislation governing investment funds.

The parent company of an investment company shall not be under obligation to issue notification in compliance with the provisions of Articles 57 and 58 herein relating to the proportions controlled by the insurance company and used to manage the provision of portfolio management services, provided that:

- 1) the investment company is authorized by the supervisory body to manage the portfolio in compliance with the provision of Article 2, Item 8), sub-item (4) herein;
- 2) it can exercise the voting right from such shares solely in accordance with the instructions given by the clients in writing or electronically, i.e. that it ensures that the client portfolio management services are provided independently from other services, and in accordance with the prescribed procedures;
- 3) the investment company exercises the voting right independently from its parent company.

The provisions of Articles 57 and 58 herein shall apply in the event that the management company, i.e. the investment company, exercises the voting right from shares and financial instruments that belong to its parent company, i.e. another subsidiary company of that parent company, and such voting right cannot be exercised by the management company, i.e. investment company, independently, but only in accordance with direct or indirect instructions given by the parent company or other subsidiary company that is controlled by that parent company.

The commission shall specify closer the terms for notification and the documentation necessary to apply the exemptions specified above.

Power of Commissions to Suspend Voting Rights

Article 62

Should a person who is under obligation to submit the notification act in violation of the provisions of Articles 57 to 59 herein, the Commission shall adopt a decision on temporary suspension of the voting right for shares held by such person, until such time the obligations specified in the above provisions are not fully met.

Upon the adoption of the decision from Para. 1 above, the Commission shall notify thereof the person to whom the decision pertains, the public company, the Central Registry and the regulated market, i.e. the MTF on which the voting shares are traded.

The adoption of the decision from Para. 1 above shall not prevent the Commission from undertaking any additional measures under its competence as specified by this Law.

Notification of Acquisition of Company's Own Shares

Article 63

In the event that a public company acquires or sells own voting shares, independently or through a person acting in his/her name, and for the behalf of such public company, it shall disclose to the public the number of won shares in the absolute and relative amount promptly

and not later than within four trading days from the date of acquisition or sale of the voting shares.

Treatment of Shareholders

Article 64

A public company that is the issuer of equity securities traded on the regulated market, i.e. the MTF, shall ensure equal treatment for all the shareholders holding the same class of equity securities.

The shareholders must be allowed to exercise their rights to engage a proxy.

Other Information Requirements for Public Companies Issuing Equity Securities

Article 65

A public company that is the issuer of equity securities traded on the regulated market, i.e. the MTF, shall ensure the availability of all the terms and information necessary for the shareholders to exercise their rights, with the adequate protection of the integrity of such information.

The public company from Para. 1 above is under obligation, particularly, to:

1) provide information about the place, time, and the agenda of the General Meeting, the total number of shares and the voting shares, as well as the shareholders' rights to participate in the General Meeting in compliance with the company legislation;

2) furnish the proxy statement in writing or electronically, enclosed with the announcement of the General Meeting, to any party with the right to vote in the General Meeting or, at the request by the party, also after the announcement of the General Meeting is issued;

3) appoint a credit institution through which it will fulfill its financial obligations towards the shareholders;

4) announce or issue a notification of the allocation and disbursement of dividends, as well as of the issuance of new shares, including the information about any prospective new allocation, subscription, cancellation or substitution.

The public company from in Para. 1 above may also submit information to the shareholders electronically, if it is approved at the General Meeting and if the following conditions are fulfilled:

1) the electronic provision of information should not in any way be conditioned by the shareholders' place of permanent or temporary residence, i.e. the seat of the legal entity from the provision of Article 58 herein;

2) the identification procedure is in place and ensures that the shareholders, i.e. individuals or legal entities from the provision of Article 57 herein are timely notified;

3) the shareholders or individuals and legal entities specified in Article 58, Items 1) to 5) herein are required to furnish an approval in writing to receive information electronically, and it is considered that such persons have given their approval unless they lodge a complaint within a reasonable period, with a possibility that such persons can request subsequently, at any time, that the information should be submitted in writing;

4) the public company estimates the costs of electronic information delivery in accordance with the equal treatment principal from Para. 1 above.

The public company from Para. 1 above is under obligation to furnish a proposal for the amendments to the statute or the founders act to the Commission and the regulated

market, i.e. the MTF on which its shares are traded promptly and no later than on the date of publishing of the announcement of the General Meeting to discuss those issues.

Other Information Requirements for Public Companies Issuing Debt Securities

Article 66

A public company that is the issuer of debt securities shall ensure equal treatment of all its holders of the same rank securities, in terms of the rights from such debt securities.

A public company that is the issuer of equity securities shall notify promptly the public of any new issue of debt securities, and particularly of any insurance or guarantee extended for such issue.

Access to Statutory Information

Article 67

A public company and an issuer that have submitted a request for putting its securities for trading on the regulated market, i.e. the MTF, shall present the statutory information specified in this Chapter in a way that ensures that they are easily and readily accessible to all, on equal basis.

The public company and the issuer shall use the services of the media that could ensure efficient delivery of the statutory information to the public across the Republic, in a way that minimizes unauthorized access to such information.

The public company and the issuer cannot take remuneration from the investors for the provision of the statutory information.

The public company and the issuer shall publish the statutory information on their web sites.

The public company and the issuer shall furnish the statutory information, at the same time they are published, to the Commission to be published in the official information registry.

The public company and the issuer whose securities are traded on the regulated market, i.e. the MTF, shall furnish the statutory information also to that market, i.e. MTF.

The Commission shall maintain the official information registry in line with the basic standards in terms of quality, security, reliability of information sources, time recording, and easy access for final beneficiaries.

The Commission shall specify closer the contents, method of delivery and terms for disclosure of the information specified in Para. 1 above, as well as the terms and conditions for maintaining and the types of information maintained in the registry specified in Para. 7 above.

Public Companies Acting As Foreign Issuers

Article 68

A public company that is a foreign issuer whose securities are traded on the regulated market, i.e. the MTF in the Republic, shall comply with the provisions of this Chapter, with the exception of the provisions of Articles 56, 62, and 64 herein.

The public company that is a foreign issuer shall furnish to the Commission and disclose to the public in the Republic all additional information that it is obligated to disclose to the holders of securities in compliance with the legislation in its country of origin or the legislation governing the financial market in its country of origin on which its securities are traded.

The information to be furnished to the Commission or to be disclosed to the public in the Republic in compliance with the provisions above shall be furnished or disclosed in the Serbian language, and may also be disclosed in another language.

Responsibility for Accuracy and Completeness of Information

Article 69

The responsibility for the accuracy and completeness of the information presented by the public company to the Commission and the market operator, i.e. the regulated market, and disclosed in accordance with the provisions of this Chapter shall be governed accordingly by the provisions of Article 19 herein, stipulating the responsibility for the information contained in the prospectus for public offering or for putting securities on the market to be traded, provided that in such events the company may be considered the issuer from the provision of that same Article, while the underwriter and the agent from Article 19, Para. 1, Item 4) herein shall not be considered responsible.

Termination of Public Company Status

Article 70

The status of public company may be terminated after the relevant evidence has been furnished to the Commission verifying that:

- 1) at the end of any subsequent calendar year that succeeded after the year of the successful public offering of the company's securities, the public company has less than 100 owners holding debt securities class that was offered in the public offering;
- 2) the company has complied with the provisions of Article 123 herein, as well as that it has redeemed the shares from the dissenting shareholders.

Without prejudice to provision from Para. 1 above, the issuer's status of public company may be terminated provided that in the course of any calendar year all securities issued through public offering are:

- 1) taken over under a takeover bid;
- 2) redeemed in the procedure of forced sale or exercising the right to sell company's shares in accordance with the company legislation;
- 3) cancelled after a merger or another form of a status change.

At the request of the issuer, and with the relevant evidence submitted, the Commission shall delete the public company from the Registry in accordance with the procedure specified by the provision above and the Commission regulation.

Supervision of Public Companies by the Commission

Article 71

The Commission supervises the implementation and fulfillment of all the obligations specified by the provisions of this Chapter.

In performing the supervision from Para. 1 above, the Commission is authorized to:

- 1) request any information, documents, evidence, and statement from the auditors, issuers, individuals and the legal entities specified in Articles 56 and 57 herein;
- 2) request any information, documents, evidence, and statement from the companies controlling or under the control of the individuals or legal entities specified in Item 1) above, as well as from other individuals and legal entities for whom the Commission deems that they could have any information that is relevant for supervision;

3) request from the issuers to disclose publicly the information, evidence, and statement specified in Items 1) and 2) above, under the terms and within the timeline that the Commission may specify;

4) disclose publicly the information, evidence, and statement specified in Items 1) and 2) above, in the event of failure to disclose by the issuer, the person controlling the issuer or the person controlled by the issuer, and after the Commission has received relevant evidence from the issuer;

5) request from the issuer's management, as well as from the individuals and legal entities specified in Articles 56 and 57 herein, public disclosure of the statutory information, in the event that they have not been disclosed to the public;

6) suspend trading or request from the regulated market, i.e. the MTF on which the issuer's securities are traded to suspend trading in securities for a maximum period of ten days, in the event of substantiated doubt that the issuer is acting in violation to the provisions of this Chapter;

7) take the issuer's securities off the regulated market, and order the MTF operator to put them on the MTF in the event that it is determined that the issuer is violating the provisions or that there is substantiated doubt that the issuer is violating the provisions governing the obligation to disclose information to the public;

8) monitor the issuer's performance in terms of the obligation to disclose the statutory information to the public within the specified timelines, ensuring equal access to such information in the overall territory of the Republic;

9) implement the necessary measures against the issuer, in the event of the issuer failing to comply, in disclosing information to the public, with the principle of equal access to disclosed information in the overall territory of the Republic;

10) disclose publicly that the issuer, as well as the individual and legal entity specified in Articles 56 and 57 herein failed to comply with their obligations as specified in this Chapter;

11) control whether statutory information is disclosed publicly with the prescribed content and in the prescribed form specified herein and in the acts of the Commission;

12) implement the necessary measures in the event that the statutory information is not disclosed publicly including the prescribed content and in the prescribed form as specified herein;

13) perform indirect supervision in the territory of the Republic over the implementation of the provisions of this Chapter.

The provision of information, documents, evidence and statements to the Commission by the auditor in compliance with Para. 2, Item 1) above shall not be considered a breach of the confidentiality of information that is imposed on the auditor by an agreement, law or a bylaw, and in that event, the auditor shall not be accountable.

In the event that the issuer's securities are traded on the regulated market, i.e. the MTF, and the Commission has identified irregularities, i.e. non-compliance with the provisions of this Chapter, the Commission shall adopt a Decision ordering the necessary measure to be implemented to ensure compliance, i.e. order the measures under their competencies as specified in Para. 2 above, and specify the timeline for implementation and submission of evidence of compliance with the Commission's orders.

The Commission shall furnish the Decision on the implemented measures from Para. 2 above to the issuer, to the shareholders, i.e. holders of securities through the issuer, to the regulated market, i.e. the MTF on which the issuer's securities are traded, and to the relevant body on the regulated market, i.e. the MTF on which the securities are traded.

Should the person fail to comply with the Decision of the Commission specified in Para. 4 above, the Commission may adopt a new Decision imposing a new measure or a number of measures.

The Commission may implement additional measures and sanctions in compliance with the provisions of Chapter XIII herein.

Article 72

The Commission shall disclose publicly all the implemented measures and the sanctions imposed in order to eliminate the identified irregularities, i.e. non-compliance relating to the obligation to disclose publicly the statutory information that applies to individual issuers, unless in the event that the disclosure could significantly influence the financial market or cause a disproportionate damage to the persons affected by the implemented measures and the imposed sanctions.

VI MARKET ABUSE

Application

Article 73

Provisions of this Chapter (Article 73 – 94.) shall apply to any financial instrument admitted to trading on a regulated market i.e. MTF in the Republic, on a regulated foreign market or for which a request for admission to trading on such a market has been made, irrespective of whether or not the transaction itself actually takes place on or outside that market.

Provisions of Para. 1 of this Article shall apply to any transaction on the OTC market.

Articles 76 – 78 of this Law shall apply to any financial instrument not admitted to trading on a regulated market, but whose value depends on a financial instrument as referred to in paragraph 1 of this Article.

Articles 79 – 82 of this Article shall not apply to the issuer who has not requested or approved admission of his financial instruments to trading on a regulated market or a MTF in the Republic.

Provisions of this Chapter shall not be applied to trading in own shares in 'buy-back' programs or stabilization of financial instruments, if trading is performed in compliance with regulations of the Commission governing buy-back arrangements or trading aimed at stabilization of financial instruments.

Subject to Prohibition

Article 74

The Commission shall apply the prohibitions and requirements provided for in this Chapter to:

- 1) actions carried out in the Republic, concerning financial instruments that are admitted to trading on a regulated market or a MTF, related to a financial instrument for which a request for admission to trading on such market has been made;
- 2) actions carried out in the Republic concerning financial instruments that are admitted to trading on a regulated market in a foreign country that is a member of the International Organization of Securities Commission or concerning financial instruments for which a request for admission to trading on such market has been made.

Inside Information

Article 75

Inside information is the information of a precise nature which has not been made public, relating, directly or indirectly, to one or more issuers of financial instruments or to one or more financial instruments and which, if it were made public, would be likely to have a

significant effect on the prices of those financial instruments or on the price of related derivative financial instruments.

Such likelihood of a significant effect shall be deemed existing if a reasonable investor would be likely to use such information as part of the basis of his investment decisions.

In relation to derivatives on commodities, inside information shall mean information of a precise nature which has not been made public, relating, directly or indirectly, to one or more such derivatives, and which users of markets on which such derivatives are traded would expect to receive in accordance with accepted market practices on these markets.

Users of markets on which derivatives on commodities are traded are deemed to receive information if:

- 1) routinely made available to the users of those markets;
- 2) required to be disclosed in accordance with legal or regulatory provisions, market rules, contracts or customs on the relevant underlying commodity market or commodity derivatives market.

Information referred to in Para. 1 of this Article shall be deemed to be information of a precise nature if it indicates a set of circumstances which exists or may reasonably be expected to come into existence or an event which has occurred or may reasonably be expected to do so and if it is specific enough to enable a conclusion to be drawn as to the possible effect of that set of circumstances or event on the prices of financial instruments or related derivative financial instruments.

Accepted market practices are practices that are reasonably expected in one or several financial markets in compliance with prescribed procedure which is to be regulated in detail by the Commission.

For persons responsible for the execution of orders concerning financial instruments, inside information shall also mean information conveyed by a client and related to the client's pending orders, which is of a precise nature, which relates directly or indirectly to one or more issuers of financial instruments or to one or more financial instruments, and which, if it were made public, would be likely to have a significant effect on the prices of those financial instruments or on the price or related derivative financial instruments.

Prohibition to Misuse of Inside Information

Article 76

Any person who possesses inside information is prohibited from using that information by acquiring or disposing of, or by trying to acquire or dispose of, for his own account or for the account of the third party, either directly or indirectly, financial instruments to which that information relates.

Para. 1 of this Article shall apply to any person who possesses that information:

- 1) by virtue of his membership of the management or supervisory bodies of the issuer or the public company;
- 2) by virtue of his holding in the capital of the issuer or of the public company;
- 3) by virtue of his having access to the information through the exercise of his employment, profession or duties;
- 4) by virtue of committed a criminal offence.

Where the person referred to in Para. 2 of this Article is a legal person, the prohibition laid down in that paragraph shall also apply to the natural persons who take part in the decision to carry out the transaction for the account of the legal person concerned.

Provisions of this Article shall not apply to transactions conducted in the discharge of an obligation that has become due to acquire or dispose of financial instruments where that obligation results from an agreement concluded before the person concerned possessed inside information.

Inside Information Exchange

Article 77

Any person subject to the prohibition laid down in Article 76 of this Act shall be prohibited from:

- 1) disclosing or making accessible inside information to any other person unless such disclosure or accessibility is made in the normal course of the exercise of his employment, profession or duties;
- 2) recommending or inducing another person, on the basis of inside information, to acquire or dispose of financial instruments to which that information relates.

Other Persons Subject to Provisions of Prohibition to Misuse Inside Information

Article 78

Provisions of Articles 76 and 77 of this Law shall also apply to any person who possesses inside information while that person knows, or ought to have known, that it is inside information.

Disclosure of Inside Information Directly Concerning the Issuer

Article 79

The issuer of financial instrument shall ensure that the inside information which directly concerns the said issuer is made public as soon as possible.

The issuer shall not be allowed to make the information referred to in this Article public in a manner likely to be misleading.

The issuer shall make the information public in a manner which enables fast access and complete, correct and timely assessment of the information.

The issuer shall, for an appropriate period, post on his website all inside information that they are required to disclose publicly.

The Commission shall prescribe more closely which information is likely to be taken into consideration when making decision on disclosure of inside information.

Article 80

Any significant changes concerning already publicly disclosed information referred to in Article 79 of this shall be publicly disclosed promptly after these changes occur, in the same manner as the one used for public disclosure of the original information.

Article 81

An issuer may under his own responsibility delay the public disclosure of inside information, as referred to in Article 79 of this Law such as not to prejudice his legitimate interests provided that such delay would not be likely to mislead the public and provided that an issuer is able to ensure the confidentiality of that information.

The issuer referred to in Para. 1 of this Article shall inform the Commission on its decision to delay public disclosure of inside information promptly.

The Commission shall prescribe more closely the circumstances likely to indicate the existence of legitimate interests referred to in Para. 1 of this Article as well as measures and solutions to be implemented by the issuer in order to ensure confidentiality of inside information.

Article 82

Whenever an issuer, or a person acting on his behalf or for his account, discloses any inside information to any third party in the regular exercise of his employment, profession or duties, he must make complete and effective public disclosure of that information, simultaneously in the case of an intentional disclosure of that information and promptly in the case of a non-intentional disclosure, except if the person receiving the information owes a duty of confidentiality.

List of Insiders

Article 83

Issuers or persons acting on their behalf or for their account shall draw up list of persons working for them under a contract of employment or otherwise and having access to inside information relating, directly or indirectly, to the issuer, on a regular basis or occasionally.

Issuers or persons acting on their behalf or for their account shall update the list regularly and submit it to the Commission upon its request and keep them for at least five years after being drawn up or updated.

Lists of insiders shall state at least: first and last name, date of birth, address of permanent residence or temporary residence, the reason why a person has been included in the list, and the date on which the list of insiders was drawn up or updated.

Lists of insiders shall be promptly updated whenever there is a change in the reason why any person is already on the list, whenever any new person has to be added to the list whether and when any person already on the list has no longer access to inside information.

Persons required to draw up lists of insiders shall take the necessary measures to ensure that any person on such a list that has access to inside information acknowledges the regulations regarding its duties and is aware of the sanctions attaching to the misuse or improper circulation of such information.

Article 84

Person discharging managerial responsibilities within an issuer shall mean a person who is:

- 1) member of the management or supervisory board of the issuer;
- 2) senior executive as well as a person who is not a member of the bodies as referred to in Item 1 of this Para., having regular access to inside information relating, directly or indirectly, to the issuer, and the power to make managerial decisions affecting the future developments and business prospects of this issuer.

Person closely associated with a person discharging managerial responsibilities within an issuer shall mean:

- 1) the spouse or any person which is considered by national law as equivalent to the spouse;
- 2) dependent of the person discharging managerial responsibilities;
- 3) other persons, who have shared the same household as the person discharging managerial responsibilities for at least one year before the date of the transaction concerned;
- 4) any legal person whose managerial responsibilities are discharged by a person above, or which is directly or indirectly controlled by such a person, or that is set up for the benefit of such a person, or whose economic interests are substantially equivalent to those of such person.

Persons referred to in Para. 1 and 2 of this Article shall notify the Commission of all acquisitions or disposals conducted of shares of the issuer admitted to trading on a regulated market i.e. MTF in the Republic on own account, as well as acquisitions or disposals of derivatives or other financial instruments linked to those shares, in which the person referred to in Para. 1 discharges managerial responsibilities, within 5 working days from the day of the acquisition or disposal concerned.

The Commission shall deliver without delay the information from the notification, as referred to in the Para. 3 of this Article to the Official Register of Regulated Information.

The notification shall contain the following information:

- 1) name of the person discharging managerial responsibilities within the issuer or, where applicable, name of the person closely associated with such a person;
- 2) reasons for notification;
- 3) name of the issuer;
- 4) description of the financial instrument;
- 5) nature of the transaction (for example, acquisition or disposal);
- 6) date and place of the transaction;

- 7) price and volume of the transaction;
- 8) other information related to the aforesaid acquisition or disposal.

The Commission shall regulate in detail the content and method of the notification of information referred to in Para. 3 of this Article as well as the value of performed acquisition or disposal during a year for that information for which no notification is required.

Market Manipulation

Article 85

Market manipulation shall mean:

- 1) transactions or orders to trade:
 - (1) which give, or are likely to give, false or misleading signals or information as to the supply of, demand for, or price of financial instruments;
 - (2) which secure, by a person, or persons acting in collaboration, the price of one or several financial instruments at an artificial level, unless the person who entered into the transactions or issued the orders to trade establishes that his reasons for so doing are legitimate and that these transactions or orders to trade conform to accepted market practices on the regulated market concerned;
- 2) transactions or orders to trade which employ fictitious devices or any other form of deception or contrivance;
- 3) dissemination of information through the media, including the Internet, or by any other means, which gives, or is likely to give, false or misleading signals as to financial instruments, including the dissemination of rumors and false or misleading news, where the person who made the dissemination knew, or ought to have known, that the information was false or misleading.

In respect of journalists when they act in their professional capacity such dissemination of information is to be assessed taking into account the rules governing their profession, unless those persons derive, directly or indirectly, an advantage or profits from the dissemination of the information in question.

In particular the following activities and conduct derived from the definition of market manipulation from Para. 1 of this Article shall be deemed market manipulation:

- 1) activities by a person, or persons acting in collaboration, to secure a dominant position over the supply of or demand for a financial instrument which has the effect of fixing, directly or indirectly, purchase or sale prices or creating other unfair trading conditions;
- 2) the buying or selling of financial instruments at the close of the market with the effect of misleading investors;
- 3) taking advantage of occasional or regular access to the traditional or electronic media by voicing an opinion about a financial instrument or indirectly about its issuer while having previously taken position on that financial instrument and profiting subsequently from the impact of the opinion voiced on the price of that instrument, without having simultaneously disclosed that conflict of interest to the public in a proper and effective way.

The Commission shall prescribe details concerning procedures to be considered market manipulation practice and obligation of the Commission and market participants aimed at detecting and preventing market manipulations.

Prohibition on Market Manipulation

Article 86

Any form of market manipulation shall be forbidden.

Persons who engage in market manipulation shall be jointly liable for the damage caused as a consequence of the market manipulation.

The market operator, regulated market and MTF shall prescribe and implement procedures and measures aimed at detecting and preventing market manipulation on that market or MTF and provide full support to the Commission to implement supervisory measures.

The market operator, regulated market and investment firms shall inform the Commission base on information available to them on cases for which they reasonably suspect to constitute market misuse.

Recommendation

Article 87

Recommendation means research, or other information recommending or suggesting, explicitly or implicitly, an investment strategy, concerning one or several financial instruments or the issuers of financial instruments, including any opinion as to the present or future value or price of such instruments, intended for distribution channels or for the public.

Provider of recommendations means a natural or legal person producing or disseminating recommendations in the exercise of his profession or the conduct of his business.

Distribution channels shall mean a channel through which information become publicly available or information to which a large number of persons have access.

The Commission shall prescribe what is considered to be an explicit or an implicit recommendation.

Research or other information recommending or suggesting investment strategy means:

1) information produced by an independent analyst, an investment firm, a credit institution, any other person whose main business is to produce recommendations or a natural person working for them under a contract of employment or otherwise, that, directly or indirectly, expresses a particular investment recommendation in respect to a financial instrument or an issuer of financial instruments;

2) information produced by persons other than the persons referred to in item a) of this Para. which directly recommends a particular investment decision in respect of a financial instrument.

Appropriate regulation shall mean regulation, including self-regulation, by which it is ensured that the Provider of recommendations which produces or disseminates recommendations take reasonable care to ensure that these recommendations are fairly presented and disclose his interests or indicate conflict of interest concerning the financial instruments to which recommendations relate.

Identity of Producers of Recommendations

Article 88

Any recommendation shall disclose clearly and prominently the identity of the person responsible for its production, in particular, the name and job title of the individual who prepared the recommendation and the name of the legal person responsible for its production.

Where the Provider of recommendation is an investment firm or a credit institution, the recommendation shall disclose the identity of the relevant competent authority.

Where the relevant person is neither an investment firm nor a credit institution, but is subject to self-regulatory standards or codes of conduct, the recommendation shall disclose a reference to those standards or codes.

General Standards for Fair Presentation of Recommendations

Article 89

Provider of recommendations shall ensure that:

- 1) facts are clearly distinguished from interpretations, estimates, opinions and other types of nonfactual information;
- 2) all sources are reliable or, where there is any doubt as to whether a source is reliable, this is clearly indicated;
- 3) all projections, forecasts and price targets are clearly labeled as such and the material assumptions are indicated.

Upon request by the Commission, a relevant person shall explain the grounds for the recommendation.

The Commission shall regulate additional requirements related to the contents of recommendations.

General Standards for Disclosure of Interests and Conflict of Interest

Article 90

Provider of recommendations shall disclose all relationships and circumstances that may reasonably be expected to impair the objectivity of the recommendation, in particular where relevant persons have a significant financial interest in one or more of the financial instruments which are the subject of the recommendation, or a significant conflict of interest with respect to an issuer to which the recommendation relates.

Where the Provider of recommendation is a legal person, requirement from Para. 1 of this Article shall apply also to any legal or natural person working for it, under a contract of employment or otherwise, who was involved in preparing the recommendation.

Where the Provider of recommendation is a legal person, the information to be disclosed in accordance with Para. 1 and 2 of this Article shall at least include the following information on its interests and conflicts of interest:

1) of the Provider of recommendations or of related legal persons that are accessible or reasonably expected to be accessible to the persons involved in the preparation of the recommendation;

2) provider of recommendations or of related legal persons known to persons who, although not involved in the preparation of the recommendation, had or could reasonably be expected to have access to the recommendation prior to its dissemination to customers or the public.

Recommendation itself shall include disclosures referred to in Para. 1 - 3 of this Article. Where such disclosures would be disproportionate in relation to the length of the recommendation distributed, it shall suffice to make clear and prominent reference in the recommendation itself to the place where such disclosures can be directly and easily accessed by the public.

The Commission shall prescribe additional obligations related to disclosure of interest and conflict of interest.

Exceptions

Article 91

Provisions of Article 88, Para. 1, Article 89, Para. 1 and 3 and Article 90, Para. 1 – 4 of this Law shall not apply to journalists subject to appropriate regulation, provided that such regulation achieves the same effects.

Dissemination of Recommendations Produced by Third Parties

Article 92

Whenever a provider of recommendations under his own responsibility disseminates a recommendation produced by a third party, the recommendation shall indicate clearly and prominently the identity of that provider of recommendations.

When the person disseminating recommendations produced by the third party substantially alters the recommendation, that person shall clearly and in detail indicate that alteration.

The Commission shall regulate a way to indicate alterations.

Para. 2-3 of this Article do not apply to news reporting on recommendations produced by a third party where the substance of the recommendation is not altered.

In case of dissemination of a summary of a recommendation produced by a third party, the provider of recommendations disseminating such summary shall ensure that the summary is clear and not misleading, mentioning the source document and where the disclosures related to the source document can be directly and easily accessed by the public, provided that they are publicly available.

The Commission shall regulate additional obligations whenever the provider of recommendations is an investment firm or a natural person working for such persons under a contract of employment or otherwise that disseminates recommendations produced by a third party.

Public institutions disseminating statistics in the Republic liable to have a significant effect on financial markets shall disseminate them in a fair and transparent way.

Supervisory Measures

Article 93

The Commission shall supervise the compliance with provisions of this Chapter aimed at preventing and disclosing actions representing market abuses and compliance with obligations prescribed in provisions of this Chapter.

The Commission shall perform the supervision referred to in Para. 1 of this Article:

1) by monitoring, collecting and checking the disclosed data and information, and reports which the market participants are obliged to deliver to the Commission on the basis of this Law or other Law;

2) by on-site inspections;

3) passing the supervisory measures.

The Commission can request from any physical or natural person:

1) access to any document in any form whatsoever, and receiving a copy of it;

2) require data exchange records, including telephone records.

The Commission may from any physical or natural person demand all information which are necessary to the Commission for the supervision in relation to compliance with provisions of this Chapter and if necessary for the purpose of the supervision, the Commission is authorized to summon such persons to hearing.

If the Commission, through supervision of the compliance with the provisions of this Law determines the breach of the provisions of the Chapter, it is authorized to pass the following supervisory measures:

1) order to the legal or natural person the cessation of any activity that is contrary to the provisions of this Chapter;

2) pass the admonition to the legal or natural person who acts contrary to the provisions of the Chapter;

3) order to the market operator or the investment firm the suspending of trading with the financial instrument concerned, to cancel the suspension already ordered, at the extent to which this is necessary for the elimination or prevention of harmful consequences on the regulated market or the MTF;

4) order to the Central Registry the temporary suspension of clearing and settlement;

5) propose to the authorized body the passing of the order for freezing or sequestration of assets and other measures, when applicable;

6) temporarily ban the conduct of professional activity to the subjects of supervision;

7) implement other measures and sanctions referred to in Chapter XIII of this Law.

The capital referred to in Para. 1 and 2 of this Article shall be fully paid in cash while shares shall not be issued prior to payment of the full amount.

Qualified Holdings and Control

Article 100

Shareholders of a market operator may be local and foreign persons.

Any natural or legal person or such persons acting in concert, excluding the Republic (hereinafter: proposed acquirer) who intend either to acquire, directly or indirectly, a qualifying holding in an investment firm or to further increase, directly or indirectly, such a qualifying holding in an investment firm as a result of which the proportion of the voting rights or of the capital held would reach or exceed 10%, 20%, 33% or 50% in the capital of

that market operator (hereinafter: proposed acquisition), shall first submit an application in writing to the Commission in order to obtain prior approval for the acquisition of the qualified holding, stating the size of the intended holding as well as other required data.

Any natural or legal person who intends to dispose, directly or indirectly, of a qualifying holding in a market operator below 10%, 20%, 33% or 50% in the total capital of the said market operator, shall inform the Commission thereof stating the size of the intended holdings to be disposed of.

The Commission shall not set amounts and percentages of shares to be acquired nor can it supervise a proposed acquisition in relation to economic market needs.

Article 101

The Agency shall promptly and in any event within two working days following receipt of the application referred to in Article 100, Para. 2 of this Law as well as following possible subsequent receipt of any additional information referred to in Para. 3-5 of this Article acknowledge receipt thereof in writing to the proposed acquirer.

The Commission shall carry out the assessment within sixty working days of the date of receiving the written acknowledgement of receipt of required documentation necessary to submit along with the application (hereinafter: assessment period), while it shall notify a proposed acquirer about the date of expiry of the said deadline together with the acknowledge receipt thereof.

The Commission may no later than on the 50th working day of the assessment period, request in writing any further information that is necessary to complete the Decision on submitted application for acquiring of the qualified holding.

The assessment period shall be interrupted for the period between the date of request by the Commission for the information and the receipt of a response thereto from the proposed acquirer, whereby the interruption shall not exceed 20 working days.

Any further request for completion or clarification of the information by the Commission may not result in an interruption of the assessment period.

Where two or more proposals to acquire or increase qualifying holdings in the same market operator have been notified to the Commission, the Commission shall treat proposed acquirers in a nondiscriminatory manner.

Article 102

In assessing the application referred to in Article 100, Para. 2 of this Law in order to ensure the sound and prudent management of the market operator in which an acquisition is proposed, and having regard to the likely influence of the proposed acquirer on the market operator, the Commission shall appraise the suitability of the proposed acquirer and the financial soundness of the proposed acquisition against all of the following criteria:

- 1) the reputation of the proposed acquirer;
- 2) the financial soundness of the proposed acquirer;
- 3) whether the market operator will be able to comply with the requirements regarding the capital and other terms and conditions envisaged by provisions of this Law and, in particular, whether the group of which the investment firm will become a part has a structure that makes it possible to exercise effective supervision;
- 4) whether there are reasonable grounds to suspect that, in connection with the proposed acquisition, money laundering or terrorist financing, within the meaning of the regulations governing money laundering and terrorist financing, has been committed or attempted, or could be committed;
- 5) whether a person possessing or proposing to acquire a qualifying holding is subject to a statutory disqualification.

The Commission shall regulate in detail criteria of eligibility and reliability of a person acquiring qualified holdings.

Article 103

The Commission shall pass a Decision on granting the approval for acquisition of the qualified holding within 60 working days from the day when the proposed acquirer receives

the written acknowledgement of receipt or within additional deadline as referred to in Article 101 of this Law if based on submitted documentation can be determined that persons intended to acquire qualified holding are entitled and reliable and that their financial situation is such to assume that there will be no negative impact on business operations of the market operator.

The Decision referred to in Para. 1 of this Article shall regulate the maximum deadline for termination of the proposed acquisition and may be extended if needed.

If the Commission does not oppose the proposed acquisition within the assessment period in writing, it shall be deemed to be approved.

The Commission shall pass a Decision to oppose the proposed acquisition of qualified holding, should it determine based on submitted documentation:

- 1) that the information provided by the proposed acquirer is incomplete;
- 2) that the proposed acquirer failed to meet criteria set in provisions of Article 102 of this Law;
- 3) close relation between the market operator and other natural and legal entities being in position to control or exercise significant effect on the market operator preventing efficient conduct of supervisor function of the Commission;
- 4) law or regulation of other country in relation to a natural or legal entity to whom the market operator is closely related preventing therefore efficient conduct of supervisory function of the Commission or complicating implementation of its supervisory function.

Provisions of this Article shall apply also in cases when the application for approval of acquisition of qualified holding is submitted to the market operator as well as in cases of subsequent acquisition of shares of the market operator in percentage exceeding regulated thresholds of total of issued shares of the market operator.

Article 104

Should a market operator become aware of an acquisition or disposal of a qualifying holding in the market operator which would exceed or fall below thresholds defined in provisions of Article 100, Para. 2 and 3 of this Law, it shall notify the Commission thereof without any delay.

At least once a year, the market operator shall inform the Commission on shareholders possessing qualifying holdings and the sizes of such holdings in a manner envisaged by the Commission regulation.

The Central Registry shall promptly inform the Commission on exceeding or falling below 10%, 20%, 33% or 50% of shares of shareholders in the total capital in the market operator in a manner envisaged by the Commission regulation.

Article 105

To a person who acquires a qualifying holding in a market operator contrary to the provisions of Article 100, Para. 2 of this Law, the Commission shall:

- 1) remove its voting rights stemming from holdings acquired that way;
- 2) order that holdings acquired that way be sold.

The Commission shall withdraw its approval for the acquisition of a qualified holding if a person possessing a qualifying holding has obtained the approval by giving false and incomplete statements or in some other non permitted way.

The Commission shall withdraw its Decision on granting approval for the acquisition of a qualified holding if a person possessing a qualifying holding is no longer meeting conditions set in provisions of Article 102 of this Law and in that circumstances limitations and measures referred to in Para. 1 of this Article shall be applied.

The Commission shall regulate conditions and procedure to apply for approval of acquisitions of qualified holdings and notifications to be submitted to the Commission on qualified holdings.

Article 119

The market operator shall supervise its members in connection with transactions in financial instruments admitted to trading on the regulated market.

In effecting supervision referred to in Para. 1 of this Article, the market operator is entitled to perform on-site examination of any member, and the right to make copies and direct access to all books and records of a member.

When performing the supervision referred to in Para. 1 of this Article, the market operator shall implement procedures and measures in compliance with its regulations.

When performing the supervision, the market operator shall implement fair procedures and same measures against all members on the regulated market that are in the same circumstances.

Rules regarding Admission to Trading

Article 120

A regulated market or a MTF shall have clear and transparent rules in relation to admission to trading in financial instruments.

A regulated market shall:

1) ensure that any financial instruments admitted to trading are capable of being traded in a fair, orderly and efficient manner and may be freely transferred between parties involved in trading;

2) in the case of derivative financial instruments have rules that will particularly ensure that the design of the contract on derivative financial instruments allows for its orderly pricing as well as for the existence of effective settlement conditions when concluding the contract;

3) adopt and maintain efficient procedures aimed at checking whether the issuer of the financial instruments admitted to trading adhere to its obligations stipulated by provisions of this Law and Commission regulations in relation to initial, current and ad-hoc disclosing obligation;

4) establish arrangements which facilitate its members access to information which has been made public under this Law or Commission regulations;

5) establish necessary arrangements to review regularly the compliance with the admission requirements of the financial instruments which they admit to trading.

The MTF shall apply procedures referred to in Para. 2, Items 1 and 2 of this Article.

Admission to the Regulated Market or the MTF

Article 121

The market operator shall admit financial instruments on the regulated market if those instruments meet conditions envisaged by regulations of the market operator on the basis of the approved prospectus for admission to the regulated market.

When assessing whether shares of a issuer meet conditions to be admitted to the regulated market, the market operator shall take into account public distribution of shares, financial data related to the previous period, data on the issuer as well as data providing the insight in business operations of the issuer in compliance with its regulations.

The market operator shall admit shares of the issuer that submitted an application to have its shares admitted to the listing of the regulated market should those securities meet conditions for admission on the regulated market as well as additional conditions:

1) expected market capitalization of shares the trading of which is requested in the application shall amount to at least 1,000,000 euro while if the expected market capitalization

cannot be assessed the company capital and reserves, including previous year profit and loss shall amount to at least 1,000,000 euro;

2) the issuer shall have its annual financial statements published or adopted for three financial years prior to submission of the application for admission to the listing on the regulated market;

3) at least 25% of shares is distributed to the public.

Notwithstanding Para. 3 of this Article, the market operator may approve admission of shares to the listing of the issuer failing to meet the above requirements, should the market operator assess that investors are provided with data necessary for assessment of the issuer and shares for which the admission to the listing is sought and that it is in the interest of the issuer and the investor.

The market operator that is at the same time the MTF operator shall admit financial instruments to the MTF if those instruments fail to meet conditions envisaged by regulations of the market operator and this Law for admission to the regulated market and based on the approved prospectus for admission to the MTF.

Exclusion from the Regulated Market or from the MTF

Article 122

The regulated market shall exclude a financial instrument from trading and admit it to the MTF if:

1) trading in that financial instrument is not conducted for a period exceeding 180 days;

2) the public company no longer meets the conditions for admission to trading on a regulated market;

3) due to failure to respect obligations regulated by provisions of Chapters III and V of this Law.

The regulated market or the MTF shall exclude a financial instrument from trading if:

1) bankruptcy or liquidation procedure is initiated against the public company;

2) at request of the public company whose status of a public company has been terminated in compliance with provisions of Article 70 of this Law and if shareholders who disagree have been paid in compliance with the law governing business companies.

Decision on Withdrawal of Shares from the Regulated Market or from the MTF

Article 123

The General Meeting of the public company may pass a Decision on withdrawal of those shares from the regulated market or from a MTF by votes representing three quarters of the total number of shares with voting rights, whereas the company statute may set forth a higher majority for passing this Decision.

The public company may pass the decision referred to in Para. 1 of this Article if the following conditions are met cumulatively:

1) the public company has less than 10,000 shareholders;

2) the public company has realized the turnover stemming from trading in shares subject to withdrawal from the regulated market or from the MTF amounting to less than 0.5% of their total issued number within the period of six months prior to passing of the decision;

3) the public company achieved monthly turnover of shares on the regulated market or on the MTF amounting to at least 0.05% of their total issued number at least for three months during the period referred to in Item 2 of this Para.

The Decision referred to in Para. 1 of this Article is valid only when it includes an irrevocable statement of the company by which the company commits to buy out the shares from all the shareholders who vote against such a decision at a fair price, whereas this right is granted also to shareholders who failed to participate at the General Meeting.

Upon registration of the Decision referred to in Para. 1 of this Article in the Register of Business Entities, the company shall inform the regulated market or the MTF to which shares are admitted to trading.

A fair price referred to in Para. 3 of this Article represents the highest value of a share calculated in compliance with the law regulating business companies.

The Commission shall regulate the payment procedure.

Pre-trade Transparency

Article 124

The market operator shall be required to make public current bid and offer prices and the depth of trading interests at those prices which are advertised through its trading systems for shares admitted to trading. Such information shall be made available to the public on reasonable commercial terms and on a continuous basis during normal trading hours.

The obligation referred to in Para. 1 of this Article may be waived by rules of the regulated market based on the trading market model or the type and size of orders. In particular, waiver may be applied in respect of transactions that are large in scale compared with normal market size for the share or type of share in question.

Post-trade Transparency

Article 125

The market operator shall be required to make public the price, volume and time of the transactions executed in respect of shares admitted to trading. The details of all such transactions shall be made public on a reasonable commercial basis and as close to real-time as possible.

The market operator may give access to programs used to disclose data referred to in Para. 1 of this Article, on reasonable commercial terms and on a non-discriminatory basis, to investment firms that have the obligation to make public the information regarding transactions in shares in compliance with provisions in Article 185 of this Law.

The rules of the market operator may allow for deferred publication of the details of transactions based on their type or size. In particular, the rules may authorize the deferred publication in respect of transactions that are large in scale compared with the normal market size for that share or that class of shares.

Deferred publication of data on transactions shall receive a prior approval of the Commission and shall be clearly disclosed to market participants and investors.

Article 126

Provisions referred to in Articles 124 and 125 of this Law shall apply also to other financial instruments being traded on the regulated market.

Suspension or Removal of Instrument from Trading

Article 127

At the request of the Commission or on its own initiative, the market operator or the MTF may temporarily halt or suspend the trading of a financial instrument admitted to trading if it appears to the market operator that such action is necessary for the protection of investors or in order to ensure fair and orderly trading in the financial instrument.

The Commission may temporarily suspend the trading of any financial instrument.

The market operator or the MTF may suspend or remove from trading a financial instrument which no longer complies with the rules of the regulated market or of the MTF.

The Decision on temporary suspension of trading shall be published on the website of the regulated market or the MTF on which the financial instrument is admitted to trading.

Market Operator Decisions

Article 128

The market operator or the MTF passes decisions on admission or refusal to admit i.e. withdrawal of financial instruments to trading on the regulated market or on the MTF in compliance with this Law, Commission regulations and its regulations.

The Decision referred to in Para. 1 of this Article is final and an administrative procedure may be instituted against it.

MTF Operator

Article 129

The MTF operator shall pass regulations regulating as follows:

1) MTF operator shall provide to investors sufficient publicly available information regarding the financial instruments traded under its system to enable its users to form investment judgments;

2) MTF operator shall provide the information on financial instruments when the financial instruments are admitted to trading and during trading;

3) MTF operator shall be required to comply immediately with any decision of the Commission to suspend or remove a financial instrument from trading.

Where financial instruments admitted to trading on a regulated market are traded also on the MTF without the consent of the issuer, the issuer shall not be subject to any obligation relating to submission of information to the MTF operator.

The MTF operator shall ensure fair and orderly trading and setting of prices, including reference prices, as well as efficient execution of orders, whereby the rules of trading and price setting must not allow MTF operator to make discretionary estimates.

The MTF operator shall provide full assistance to the Commission in the supervision of the market abuse cases occurring within its system.

The MTF operator shall make public current bid and offer prices and the depth of trading interests in respect of shares admitted to trading on a MTF and at the same time admitted to the regulated market and the information shall be available to the public on reasonable commercial terms and on a continuous basis during normal trading hours.

Article 160

The investment firm shall submit an application to obtain the approval to changes of conditions referred to in its license to perform investment firm activities within 5 working days from the day the competent body of the firm passed the changes above.

The Commission approval is required if changes refer to ancillary investment services and activities referred to in Article 2, Items 8) and 9) hereof not being included in the application to obtain the license to perform activities.

Public Accessibility to Licenses

Article 161

Licenses to perform investment firm activities as well as subsequent changes of licenses, shall be published by the Commission on its web site.

Entry into the Register of Business Entities

Article 162

An investment firm shall be obliged to submit an application for registration into the Register of Business Entities within 30 days from the day of receipt of the license for performing the activities of the investment firms and the decision on granting prior consent for the election and/or appointment of a director and a member of the board of directors and the management board of the firm.

If the application for registration of the investment firm into the Register of Business Entities fails to be submitted within the deadline referred to in Para. 1 of this Article, the Commission shall issue a decision to annul the license for performing activities and remove the firm from the Register.

The investment firm shall forward to the Commission a transcript from the Register within seven days from the day of receipt of the decision on registration in the Registry of Business Entities.

The investment firm shall not start with the performance of the activities for which it has obtained the working license prior to registration of that activity in the Register of Business Entities.

General Acts of the Investment Firm

Article 163

The general acts of the investment firm shall be the Founding Act, statute, operating rules and procedures as well as the tariff booklet.

The investment firm shall charge fees for services and operations performed up to the maximum amount set forth in the tariff booklet submitted to the Commission.

Except for the tariff booklet, the Commission shall issue prior consent to acts referred to in Para. 1 of this Article, as well as to their amendments and regulate also their content.

Principles of Safe and Fair Business Operations of the Investment Firm

Article 164

When providing investment services to clients, the investment firm shall place the interests of its clients before its interests and shall act honestly, fairly and professionally in accordance with the best interests of its clients and comply, in particular, with the principles set out in this Law.

All information, including marketing communications, addressed by the investment firm to clients or potential clients shall be fair, clear and not misleading. Marketing communications shall be clearly identifiable as such.

In order for the clients to be able to understand the nature and risks of the investment service and of the specific type of financial instrument that is being offered and, consequently, to take investment decisions on an informed basis, the investment firm shall provide to the clients and potential clients appropriate information in a comprehensible form regarding:

- 1) the investment firm and its services;
- 2) financial instruments and proposed investment strategies, including appropriate guidance on and warnings of the risks associated with investments in those instruments or in respect of particular investment strategies;
- 3) transaction execution venues;
- 4) costs and associated charges.

Information referred to in Para. 3 of this Article may be provided in a standardized format.

Article 165

When providing investment advice or portfolio management services, the investment firm shall obtain the necessary information regarding the client's or potential client's knowledge and experience in the investment field, client's financial situation and his/her investment objectives relevant to a certain type of financial instrument or service so as to enable the firm to recommend to the client or potential client the investment services and financial instruments that are suitable for him.

When providing investment services other than those referred to in Para. 1 of this Article, the investment firm shall ask the client or potential client to provide information regarding his knowledge and experience in the investment field relevant to the specific type of financial instrument or service offered or demanded, so as to enable the investment firm to assess whether the investment service or product envisaged is appropriate for the client.

In case the investment firm considers on the basis of the information received under Para. 2 of this Article, that the financial instrument or service is not appropriate to the client or potential client, the investment firm shall warn the client or potential client. This warning may be provided in a standardized format.

In cases where the client or potential client decides not to provide the information referred to under Para. 2 of this Article, or where he provides insufficient information regarding his knowledge and experience, the investment firm shall warn the client or potential client that such a decision will not allow the firm to determine whether the financial instrument or service envisaged is appropriate for him. This warning may be provided in a standardized format.

Notwithstanding Para. 1 – 3 of this Article, the investment firm when providing investment services that only consist of execution and/or the reception and transmission of client orders without ancillary services, shall be permitted to provide such investment services to its clients without the need to obtain the information from those Para., provided that all of the following conditions are met:

- 1) the above services relate to shares admitted to trading on a regulated market or on a MTF in an equivalent third country market meeting requirements set in Chapter VII hereof, money market instruments, bonds or other forms of securitized debt, UCITS and other financial instruments, excluding securities and forms of securitized debt containing a derivative financial instrument;
- 2) the service is provided at the initiative of the client or potential client;
- 3) the client or the potential client has been clearly informed that in the provision of this service the broker-dealer company is not required to assess the suitability of the instrument or service provided or offered and that therefore the client does not benefit from the corresponding protection of the relevant conduct of business rules; this warning may be provided in a standardized format;
- 4) the investment firm complies with its obligations under Article 170 hereof regulating prevention of the conflict of interest between the investment firm and its clients.

Article 166

The investment firm shall be obliged to allow the access to its business rules and the tariff booklet on the premises where it deals with clients and by electronic means on its website.

Directors, management and employees in the investment firm being a broker-dealer company, management and employees of the investment firm being an authorized bank shall be obliged to keep as business secret information about client accounts and transactions and amounts in such accounts, and they shall not disclose the information to third parties, use the information other than to further the interests of the respective client.

By exception to Para. 2 of this Article, client information referred to in that Para. may be disclosed and made available:

- 1) with the written approval of the client;
- 2) in effecting supervision by the Commission, Central Registry or any regulated market;

- 3) on the grounds of a court order;
- 4) on the grounds of another competent government authority in charge of preventing money laundry or financing of terrorism i.e. other competent government authority.

Article 167

When holding clients financial instruments, the investment firm shall determine a proper system of protection of clients property rights in order to prevent utilization of clients financial instruments for account of the investment firm or for account of other clients, unless provided with explicit consent of the client.

The investment firm shall not:

- 1) pledge or dispose of financial instruments owned by a client without the client's prior written authorization;
- 2) execute a client's orders in the manner contrary to this Law, Commission regulations, or regulations of the regulated market or MTF, whose member or user is the investment firm;
- 3) purchase, sell or borrow for its own account financial instruments that are the subject of client's order, prior to acting according to the client's order;
- 4) purchase, sell, or borrow financial instruments on the grounds of a contract for managing financial instruments for the sole purpose of collecting a commission or other compensation;
- 5) encourage clients to make frequent transactions for the sole purpose of collecting commissions.

Article 168

The investment firm licensed by the Commission to hold clients cash assets i.e. financial instruments shall fulfill the following requirements in order to protect clients rights:

- 1) to keep records and accounts in a manner to allow it in any moment and without delay to separate assets of one client from assets of other client as well as from its own assets;
- 2) to keep records, accounts and correspondence in relation to clients financial instruments and cash assets on accounts kept by it precisely and accurately;
- 3) to reconcile its internal accounts with records and third parties accounts holding those assets on a regular basis;
- 4) to undertake necessary measures to ensure that all clients financial instruments registered with the Central Registry may be separated from financial instruments of the investment firm;
- 5) to undertake necessary steps to ensure that all clients cash assets deposited in a credit institution being a member of the Central Registry are kept on the account(s) that are separated from accounts used for cash assets of the investment firm;
- 6) to set proper measures to reduce risk of loss or reduction of the clients assets i.e. rights in relation to the assets that may be caused by assets misuse, fraud, poor management, inadequate keeping of records or negligence.

The Commission shall regulate in detail the content and form of records to be kept by the investment firm provided with the license by the Commission to hold cash assets i.e. financial instruments of clients.

Obligation to Execute Orders on Most Favorable Terms

Article 169

An investment firm shall be required to take all reasonable steps to obtain, when executing orders, the best possible result for its clients taking into account price, costs, speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of the order. Nevertheless, whenever there is a specific instruction from a client the investment firm shall execute the order following the specific instruction.

An investment firm shall establish and implement effective arrangements for complying with Para. 1 of this Article and in particular, procedures for execution of the clients order.

The order execution procedures referred to in Para. 2 of this Article shall include, in respect of each class of instruments, information on the different venues where the investment firm is permitted to execute its client orders and the factors affecting the choice of execution venue.

An investment firm shall provide appropriate information to its clients on its order execution and shall obtain the prior consent of its clients to the execution procedure regarding the order execution, while the stated information and consents may be an integral part of the contract with the client.

Where the investment firm's order execution procedure provides for the possibility that client orders may be executed outside a regulated market or outside the MTF, in accordance with the provisions of this Law or Commission regulations, the investment firm shall, in particular, inform its clients about this possibility and shall obtain the prior express consent of its clients before proceeding to execute their orders. The consent may be either in the form of a general agreement or in respect of individual transactions.

An investment firm shall:

- 1) monitor the effectiveness of its order execution policy in order to identify and, where appropriate, correct any deficiencies;
- 2) assess, on a regular basis, whether the execution venues included in the order execution procedure provide for the best possible result for the client or whether it needs to make changes to its execution arrangements;
- 3) notify its clients of any material changes to its order execution arrangements or execution procedures;
- 4) be required to demonstrate to its clients, at their request, that they have executed their orders in accordance with the firm's execution procedures.

Conflict of Interest

Article 170

An investment company shall be obliged to organize its business operation in such a way to reduce to the greatest possible extent conflicts between its clients' interests and the interests of the investment firm, including its shareholders, directors, members of the board of directors, supervisory board or management board and employees of the firm.

An investment firm shall undertake proper measures to reveal conflicts of interest including the conflict of interest of persons referred to in Para. 1 of this Article and all with them affiliated persons on the one hand and interest of its clients on the other hand as well as mutual conflict of interest of individual clients generated during provision of investment services.

Before undertaking business on behalf of a client, an investment firm shall be obliged to inform a client about a possible conflict of the client's interests with the interests of that investment firm, and/or interests of other clients of the investment firm, including the general nature of and/or sources of such conflicts.

Clients Contracts and Reporting to Clients

Article 171

An investment firm shall be obliged to conclude with a client a written contract that includes documents agreed between the firm and the client that set out the rights and obligations of the parties, and the other terms on which basis the investment firm will provide services to the client. The rights and obligations of the parties may be incorporated by reference to other legal documents and texts that are available to the client.

The contract referred to in Para. 1 of this Article must include a statement from the client that the business rules and tariff booklet of the investment firm have been made available to the client prior to conclusion of the contract.

An investment firm shall be obliged to make available to its clients any amendments of its business rules and tariff booklet not later than seven working days after such amendments become effective.

Professional Clients

Article 172

The following entities shall be regarded as professional clients in providing investment services and performing investment activities:

1) entities which are required to be authorized and/or regulated by the competent regulatory authority to operate in the financial market such as: credit institutions, investment firms, other financial institutions whose operations are authorized or supervised by the competent supervisory authority, insurance companies, collective investment companies and their management companies, pension funds and management companies of such funds, commodity derivatives dealers as well as other entities supervised by the competent authority;

2) legal persons meeting at least two of the following requirements:

- (1) total assets amounting to minimum 20,000,000 euro;
- (2) annual net income amounting to at least 40,000,000 euro;
- (3) own funds amounting to minimum 2,000,000 euro;

3) Republic, autonomous provinces and local self-government units as well as other states or national and regional bodies, the National Bank of Serbia and central banks of other states, international and supranational institutions such as the International Monetary Fund, the European Central Bank, the European Investment Bank as well as other similar international organizations.

An investment firm may provide to professional clients referred to in Para. 1 of this Article on their request a treatment involving a higher level of protection or a treatment provided to other clients that are not professional clients.

Where the client of an investment firm is an undertaking which is regarded as a professional client as referred to in Para. 1 of this Article prior to provision of services, the investment firm must inform it that, on the basis of the information available to the firm, such legal person is deemed to be a professional client and will be treated as such.

The investment firm must inform the professional client that it can request a variation of the terms of the agreement in order to secure, on its request, a higher level of protection of its interests whereas it is the responsibility of the client, considered to be a professional client, to ask for a higher level of protection when it deems it is unable to properly assess or manage the risks involved.

When a professional client enters into a written agreement with the investment firm to the effect that it shall not be treated as a professional, whereas such agreement shall specify whether this applies to one or more particular services or transactions, or to one or more types of instrument or transaction the investment firm shall provide a higher level of protection to it.

Article 173

An investment firm may treat also other clients as professional clients at their own request and when assesses that such a client only on their own request and provided that an adequate assessment of the knowledge, experience and expertise of the client, undertaken by the investment firm, gives reasonable assurance, in light of the nature of the transactions or services envisaged, that the client is capable of making its own investment decisions and understanding the risks involved.

The assessment should evaluate whether the professional client meets at least two of the following criteria prescribed for the qualified investors referred to in Article 14, Para. 2, Item 2 hereof.

Clients treated as professional clients may at their own request waive the benefits of a higher level of protection provided by their status in compliance with the following procedure:

- 1) they must state in writing that they wish to be treated as a professional client, either generally or in respect of a particular investment service or transaction, or type of transaction or financial instrument;
- 2) the investment firm must give professional clients a written warning of the protection of interests and rights to be compensated from the Investor Protection Fund they may lose;

3) they must state in writing, in a separate document from the contract, that they are aware of the consequences of losing such level of protection.

Before deciding to accept any request for waiver of the protection, an investment firm must take all reasonable steps to ensure that the client requesting to be treated as a professional client meets the relevant requirements.

Article 174

An investment firm shall adopt and implement its internal rules and procedures related to the clients categorization.

Professional clients are responsible for keeping the investment firm informed about any fact, which could affect their current categorization.

Should the investment firm become aware that the client no longer fulfils the initial conditions, which made the client eligible for a professional treatment, it must take appropriate actions.

The Commission shall regulate in detail a way the investment firm provide services to its professional and other clients.

Transactions with Certain Professional Clients

Article 175

The investment firm provided with the license to execute orders on behalf of clients, to trade for its own account or to accept and forward orders may initiate transactions or enter into transactions with certain professional clients whereas it is not obliged to meet requirements referred to in Articles 164, 165 and 169, Article 171, Para. 1 and Article 176 herein in relation to these transactions and ancillary services related to them.

In the sense of this Article, certain professional clients are persons referred to in Article 172, Para. 1, Items 1) and 3) hereof.

The status referred to in Para. 2 hereof shall not preclude the right of those persons to request either generally or in respect of a particular transaction, to have the same treatment as investors whose business operations with the investment firm is not regulated in compliance with Para. 1 hereof.

The Commission shall regulate in detail obligations of the investment firm in relation to provision of services to clients.

Execution of Clients Orders

Article 176

The investment firm shall be obliged to implement procedures and arrangements which provide for the prompt, fair and expeditious execution of client orders, relative to other client orders or that investment firm.

Such procedures or measures shall allow for the execution of otherwise comparable client orders in accordance with the time of their reception by the investment firm.

In the case of a client limit order in respect of shares admitted to trading on a regulated market or on a MTF that is not immediately executed or executable under prevailing market conditions, and unless the client expressly instructs otherwise, a investment firm shall be required to take measures to facilitate the earliest possible execution of that order by making public immediately that client limit order in a manner which is easily accessible to other market participants.

The investment firm shall be deemed to comply with this obligation by transmitting the client limit order to a regulated market or a MTF or when the obligation to make public a limit shall not apply to an order that is large in scale compared with normal market size as determined under the rules of the regulated market or the MTF where the financial instruments covered by the order are admitted to trading.

For the purpose of Para. 4 of this Article, it shall be considered to disclose client limit orders that are not immediately executable if it transmits the order to a regulated market or a MTF that operates an order book trading system, or ensures that the order is made public and can be easily executed as soon as market conditions allows it.

The investment firm shall furnish to the client report on executed services containing costs related to those transactions and services performed on behalf of the client and the Commission shall regulate the format and contents of the reports.

Venue and Method of Receiving Clients Orders

Article 177

An investment firm shall:

- 1) keep a book of orders electronically, which shall record clients' orders for purchase or sale of securities and cancellations of such orders in the manner whereby such orders are time stamped immediately upon receipt and which prevents any subsequent alteration of the order that has not been authorized by the client;
- 2) accept clients' orders in its business premises.

An investment firm may contractually authorize another investment firm to receive the investment firm clients' orders at the other investment firm's business premises on behalf and for the account of the first investment firm, provided that the conditions of Article 152 or this Law are fulfilled regulating provision of services through other investment firm.

The legal entity with the seat in the Republic whose sole activity is acceptance and transfer of orders referred to in Article 2, Item 8) sub-item (1) hereof may conduct acceptance and transfer of orders for securities and investment units whereas when providing those services, it shall transfer orders only to:

- 1) investment firms;
- 2) collective investment undertakings and management companies subject to provisions of the law regulating investment funds.

An investment firm may decide to receive client orders by any means of telecommunication or by other electronic means, provided that such means are authorized in its client contract with the client and in which case the investment firm shall employ appropriate safeguards, such recording devices, to ensure the accuracy and integrity of such orders in the investment firm records

Refusal to Execute Order for Purchase and Sale

Article 178

An investment firm shall be obliged to refuse execution of:

- 1) a purchase order when it concludes that the funds in a client's money account are not sufficient to settle the liabilities that would arise upon the execution of the purchase order;
- 2) a sale order when it concludes that there are not enough securities required to fulfill order contained in the client's securities account.

Notwithstanding Para. 1 of this Article, the investment firm shall not refuse to execute orders if the order of a client can be executed entirely or partially from:

- 1) realized, but open items;
- 2) loans with the clients approval and in compliance with the current regulations;
- 3) borrowing securities in compliance with regulations governing borrowing of securities.

The investment firm shall refuse to execute a purchase or sale order when it reasonably believes that the execution of such an order would:

- 1) violate provisions of this Law or laws regulating preventing of money-laundering and financing of terrorism;
- 2) result in committing an act prohibited by the law as a criminal offence, commercial violation or infraction.

In cases referred to in Para. 3 of this Article, the investment firm shall promptly inform the Commission.

When establishing circumstances referred to in Para. 3 of this Article, the investment firm is entitled to relay on its own information as well as information received from its clients or potential clients, unless it is or should be aware that such information are obviously outdated, false or incomplete.

Confirmation on Execution of Clients Orders

Article 179

An investment firm shall issue confirmation on execution of transaction between participants on the market no later than on the first working day following the execution of order and in a way agreed with the client.

A client shall not waive the right to obtain such conformation; however, it may direct that such conformation be sent to an authorized person.

Money Accounts

Article 180

A broker-dealer company licensed by the Commission to manage clients money on its money account with the credit institution, shall be obliged to open a money account for its clients, separated from the broker-dealer company's money account, with a credit institution member of the Central Registry while a separate client consent or authorization shall not be required.

An investment firm may use one or more accounts for client monies and shall continuously keep records on resources of each client held on the summary account.

The client is entitled to use services of opening and managing the money account directly from the credit institution – member of the Central Registry or from the broker-dealer company licensed by the Commission to hold clients money accounts.

An investment firm may use funds from its clients' money accounts only to pay for client obligations in connection with the investment services and activities as well as ancillary services performed for the client and shall not be used for payment of obligations of other clients.

Funds in clients' money accounts, including funds in the transfer process, shall not be the assets of the broker-dealer company, or used for payment of liabilities of the broker-dealer company or subject to debt enforcement.

In the case of an authorized bank, funds in clients money account shall not be included into the liquidation or bankruptcy assets of the investment firm or the credit institution being a unit of that institution or be used for payment of liabilities of the investment firm or the credit institution.

The investment firm shall be obliged to provide that there are sufficient funds on the clients money account on the day of settlement.

Financial Instruments Accounts

Article 181

The contract referred to in Article 171 of this Law shall oblige the investment firm to open financial instruments account with the Central Registry on behalf of the client or directly or through a credit institution – a member of the Central Registry; for persons referred to in Article 175 of this Law for which the contract with a client is not obligatory, the account shall be opened based on the order of that person in compliance with regulations of the Central Registry.

An investment firm may use financial instruments from the client account only based on orders by the client.

An investment firm shall keep its own financial instruments account with the Central Registry, separated from clients' financial instruments accounts.

Financial instruments of the investment firm clients shall not be assets or property of the investment firm and shall not be used –for settlement of liabilities of that investment firm.

In the case of an authorized bank, clients financial instruments shall not be included into the liquidation or bankruptcy assets of the investment firm or the credit institution being a unit of that institution or be used for payment of liabilities of the investment firm or the credit institution.

The investment firm shall be obliged to provide that there are sufficient financial instruments on the clients account on the day of settlement.

Portfolio Management Services

Article 182

A contract on financial instruments portfolio management may be concluded between an investment firm meeting requirements referred to in this Law and the Commission regulations on provision of portfolio management services and a client not being an investment fund as regulated by the law governing investment funds.

The contract referred to in Para. 1 of this Article shall authorize an investment firm to manage or invest cash funds in financial instruments and to sell financial instruments without the client's further consent.

The contract referred to in Para. 1 of this Article regulates that the investment firm may charge fees and charges for portfolio management services rendered and the contract shall at least contain:

- 1) a description of the investment policy to be followed by the investment firm;
- 2) any other limitations on the discretion provided to the investment firm;
- 3) the amount of fees and commissions;
- 4) the client's right to be able to revoke at any time the contract provided that other obligations of the client and the investment firm are met.

An investment firm may invest a portfolio management client's funds only in accordance with the contract.

Landing and Borrowing Financial Instruments

Article 183

Landing of financial instruments, conclusion of repurchase agreements and other similar transactions shall be performed through a member of the Central Registry.

The investment firm shall keep records related to transactions in its monthly reports to be submitted to the Commission.

The profit generated from landing of financial instruments of a client shall be attributed to the client, whereas the investment firm may charge fee for landing contracting services in compliance with the tariff rulebook.

The investment firm lands financial instruments of one client to another client, other investment firm or a credit institution being a member of the Central Registry if the contract referred to in Article 171 of this Law or a written authorization authorizes the investment firm to do so.

The investment firm may land financial instruments from its own account to persons referred to in Para. 4 of this Article while the generated profit stemming from landing of financial instruments shall be attributed to the investment firm.

Records Keeping and Reporting to the Commission on Transactions Performed

Article 184

An investment firm conducting transactions with financial instruments shall submit to the Commission a report containing data on transactions as soon as possible but no later than on the first working day following the execution of the transaction in a way prescribed by the Commission regulation.

An investment firm shall keep at the disposal of the Commission in electronic form, for at least five years, relevant data relating to all transactions in financial instruments which the investment firm has carried out, whether on own account or on behalf of a client. In the case of transactions carried out on behalf of clients, the records shall contain all the information and details of the identity of the client, and the information prescribed by applicable law on prevention of money-laundering and financing of terrorism.

The report referred to in Para. 1 of this Article shall in particular include details of the names and numbers of the instruments bought or sold, the quantity, the dates and times of execution and the transaction prices and means of identifying the investment firms concerned.

The report referred to in Para. 1 of this Article may be filed by an investment firm or the market operator where the transaction occurred to the Commission in a way envisaged by the Commission regulation.

Disclosing Trading Data

Article 185

An investment firm which, either on own account or on behalf of clients, conclude transactions in shares admitted to trading on a regulated market or a MTF, shall be required to make public the volume and price of those transactions and the time at which they were concluded at acceptable commercial basis and in a manner which is easily accessible to other market participants.

Information referred to in Para. 1 of this Article shall be published in real-time to the greatest possible extent and regardless of whether the transaction is concluded within or outside the regulated market or the MTF.

The information which is made public in accordance with Para. 1 of this Article and the time-limits within which it is published shall comply with the requirements adopted pursuant to Article 125 hereof, also taking into consideration deferred reporting of transactions of certain categories of equity securities taking place on a regulated market or a MTF, which shall be apply mutatis mutandis to those transactions undertaken outside a regulated markets or a MTF.

Information shall be considered to be made public or available to the public if it is made available through the website of the market operator or investment firm.

Capital Adequacy

Article 186

The own funds of any broker-dealer company shall not at any time fall below the minimum capital requirements referred to in Articles 149 hereof.

In the event that the own funds of the broker-dealer company referred to in Para. 1 of this Article fall below the minimum capital requirements referred to in Articles 149 hereof, the Commission shall allow such broker-dealer company a limited period of time in which to rectify their situations, or it shall impose supervisory measures provided for under this Law.

The own funds of the broker-dealer company shall consist of the sum of original own funds, additional own funds I and additional own funds II as well as other forms of capital reduced by deductible items in compliance with the Commission regulations.

The Commission shall lay down a method for calculation of the capital and the capital adequacy of a broker-dealer company, as well as which part will be used to cover certain risk types.

Risk Management

Article 187

Broker-Dealer Company Risk Exposure

Article 193

The exposure of a broker-dealer company to a person shall consist of the total amount of receivables related to that person or a group of persons (credits, investment securities, equity investment and shares, guarantees and aval, etc.).

A group of connected persons referred to in Para. 1 of this Article shall consist of two or more legal or natural persons who, unless it is shown otherwise, constitute a single risk for the broker-dealer company and:

- 1) one of them, directly or indirectly, has control over the other or others;
- 2) they are interconnected in a way which makes it highly probable that, if one of them were to experience improvement or deterioration of economic and financial situation, the other or all of the others would be likely to encounter improvement or deterioration of economic and financial situation, and between them there is a possibility for the transfer of loss, gain or creditworthiness;
- 3) they are related as family members.

Risk related to exceeding the allowed exposure limits is risk of loss due to exceeding the maximum allowed exposure to one person or a group of affiliated persons on the bases of positions from the trading book.

A broker-dealer company's exposure to a person or a group of connected persons shall be considered a large exposure where its value is equal to or exceeds 10% of the broker-dealer company's own funds.

A broker-dealer company may not incur an exposure to a person or a group of connected persons the value of which exceeds 25% of its own funds.

Article 194

Should the risk exposure of a broker-dealer company exceed the limit referred to in Article 193 of this Law, the broker-dealer company shall promptly inform the Commission on the exposure amount in compliance with provisions of Article 199 of this Law.

Upon completed assessment, the Commission may set a deadline for the broker-dealer company to comply with the prescribed limit.

The total risk exposure of a broker-dealer company to persons referred to in Para. 170 of this Law shall not exceed 50% of the broker-dealer company's own funds.

The sum of total risk exposure of a broker-dealer company shall not exceed 800% of the broker-dealer company's own funds.

Article 195

The trading book shall consist of all positions in financial instruments held by a broker-dealer company with trading intent or in order to hedge other elements in other financial instruments kept in that book and which are either free of any restrictive covenants on their tradability or able to be hedged.

The non trading book shall consist of all positions of financial instruments and commodities not included among the positions of the trading book.

The Commission shall regulate the content of the trading book and of the non-trading book.

Risk Management Strategies and Policies

Article 196

A broker-dealer company shall, apart from meeting organizational requirements in terms of consistent implementation of the risk management strategies and policies, establish and consistently apply appropriate administrative and accounting procedures to ensure an efficient system of internal control, in:

- 1) in the calculation and control of capital requirements for those risks;
- 2) in identifying and monitoring large exposures, changes in large exposures and in controlling the compliance of large exposures with the broker-dealer company's policies on the kinds of exposures concerned.

The Liquidity and Solvency Principles

Article 197

A broker-dealer company shall conduct its business in the manner which ensures its permanent ability to service its financial liabilities (the solvency principle) and its ability to settle, at any time, its financial liabilities when due (the liquidity principle).

Minimum Level of Own Funds in Relation to Capital Requirements

Article 198

A broker-dealer company shall have own funds which are always more than or equal to the sum of capital requirements for market risks, credit risks and operational risks.

A broker-dealer company shall hold own funds which must at all times be equivalent to not less than one quarter of their preceding year's fixed overheads.

The Commission shall regulate a method for calculation of capital requirements required in order to manage certain types of risks, taking into consideration types of investment services and activities conducted by the broker-dealer company.

Measures to Ensure the Capital Adequacy

Article 199

A broker-dealer company shall, in compliance with the Commission regulation, submit to the Commission a report each and every fall in the capital of the company below the level referred to in Articles 149 and 186 hereof and to state in the report facts and circumstances causing the capital fall below that level.

Capital levels referred to in Para. 1 hereof shall not exceed 120% of the capital requirements for broker-dealer company in compliance with Articles 149 and 186 of this Law and the Commission regulations.

The Commission may require a broker-dealer company that fails to satisfy the capital requirements referred to in Para. 1 hereof or whose capital falls below such requirements, to discontinue immediately all investment services and activities of the broker-dealer company with respect to which the broker-dealer company fails to satisfy such capital requirements and may order the broker-dealer company to:

- 1) immediately undertake measures to raise its capital above the thresholds required in Para. 1 and 2 hereof;
- 2) limit its investment services and activities in areas specified by the Commission until such thresholds are reached or exceeded;
- 3) file timely reports with the Commission regarding the broker-dealer company's capital until prescribed thresholds are reached or exceeded.

Keeping of Business Records of an Investment Firm

Article 200

An investment firm shall keep and preserve records of all services and transactions undertaken in order to enable the Commission to supervise compliance of the investment firm's operations with provisions of this Law and the Commission regulation.

An investment firm shall, in relation to every order received from a client, and in relation to every decision to deal taken in providing the service of portfolio management, immediately make a record of the following details:

- 6) any other details, conditions and particular instructions from the client that specify how the order must be carried out;
- 7) the date and exact time of the receipt of the order, or of the decision to deal, by the investment firm.

Immediately after executing a client order, or, in the case of an investment firm that transmits orders to another investment firm for execution, immediately after receiving confirmation that an order has been executed, the investment firm shall record the following details:

- 1) the name of the client;
- 2) the trading day, trading time, buy/sell indicator, financial instrument identification code, unit price, price notation, quantity, quantity notation and venue identification;
- 3) the total price, being the product of the unit price and the quantity;
- 4) the nature of the transaction if other than buy or sell;
- 5) the authorized person who executed the transaction or who is responsible for the execution.

If an investment firm transmits an order to another investment firm for execution, it shall immediately record the following details after making the transmission:

- 1) the name of the client whose order has been transmitted;
- 2) the name or other designation of the person to whom the order was transmitted;
- 3) the terms of the order transmitted;
- 4) the date and exact time of transmission.

Broker-Dealer Company Reporting Requirements

Article 201

The Commission shall prescribe the form and content of monthly reports that a broker-dealer company shall be obliged to file with the Commission not later than the 15th day of the month immediately following the month covered by the report.

The monthly reports referred to in Para. 1 of this Article shall be required to show the broker-dealer company's compliance with the capital adequacy requirements referred to in Articles 149 and 186 hereof and the Commission regulations, including the broker-dealer company's risk exposure.

The Commission shall prescribe the form and content and deadlines to file annual financial statements and reports of an independent auditor prepared in compliance with the law regulating accounting and audit and that the broker-dealer company shall submit to the Commission.

Within the deadline that shall not be less than 60 and not more than 120 days, a broker-dealer company shall submit to the Commission the annual report on its business operations the form and content of which shall be regulated by the Commission.

The report of an independent auditor referred to in Para. 3 of this Article shall be required to report also on the adequacy of the broker-dealer company's internal control mechanisms, accounting procedures required to calculate capital adequacy, risk exposure management and shall be required to identify any material weaknesses in such internal controls and procedures.

Auditing Obligations of Broker-Dealer Companies

Article 202

Any person who carries out an audit of financial statements of a broker-dealer company shall have a duty to report promptly to the Commission in writing any fact or decision concerning that undertaking of which that person has become aware while carrying out that task and which is liable to:

- 1) constitute a material breach of this Law or Commission regulations, general act of the market operator or the Central Registry which lays down the conditions governing licensing or which specifically govern pursuit of the activities of an investment firm;
- 2) affect the undisturbed functioning of an investment firm;
- 3) lead to refusal to approve the financial statement audit report or to expression of reservations concerning the investment firm reports validity.

The person referred to in Para. 1 of this Article shall also have a duty to report any facts and decisions of which the person becomes aware in the course of carrying out the audit related to a company having close links with the investment firm within which he is carrying out that task.

The disclosure in good faith to the Commission by such person of any fact or decision referred to in Para. 1 of this Article shall not constitute a breach of data confidentiality and shall not involve such persons in liability of any kind.

Commission Supervision over Business Operations of Investment Firms and Licensed Persons

Article 203

The Commission is authorized to pronounce all measures and sanctions prescribed by this Law to investment firms and licensed natural persons in order to be able to fulfill its legal powers and particularly to ensure lawful and regular trading in financial instruments, investors interest protection, a fair, efficient and transparent capital market and system risk reduction on the capital market as well as to submit proper notifications or requests in case of noticing any violation or irregularity.

The Commission supervision of the investment firm shall be based upon risk assessment that includes on-site examinations with emphasis placed on those investment firms that pose the greatest systemic risk in terms of the volume and type of investment services and activities performed and the Commission shall be obliged to conduct at least one, annual on-site examination of all licensed investment firms.

The Commission is authorized to perform supervision also over other persons that contrary to provisions of Articles 147 and 148 hereof perform investment services and activities.

Measures for the Termination of Established Violations and Irregularities

Article 204

When the Commission in the course of supervision establishes violations and irregularities, it will issue a decision ordering their elimination or termination of the action and will issue supervisory measures.

In the decision referred to in Para. 1 of this Article the Commission will set out the deadlines within which the investment firm shall eliminate the established violations and irregularities that shall not exceed 6 months.

The Commission shall inform the market operator, the Central Registry, the National Bank of Serbia, the MTF operator and the credit institution, if appropriate on the decision referred to in Para. 1 of this Article.

Persons referred to in Para. 3 of this Article shall prevent on the basis of the Commission decision and during duration of the supervisory measures the investment firm to take part in and use rights of a member of the regulated market or a MTF user.

Where the Commission established violations and irregularities in keeping the account books and other business documentation which the investment firm is obliged to keep pursuant to the provisions of this Law or Commission regulation, it may order the investment firm to present a report on the termination of violations and irregularities, which should be supported by an opinion of an independent certified auditor from which it is clear that those violations and irregularities have been terminated.

Supervisory Measures

Article 205

Should the Commission, in the course of supervising the investment firm, establish failure to comply with provisions of this Law, the Commission regulation, general act of the market operator or the Central Registry, for which the Commission is not obliged to undertake measures referred to in Article 206 hereof, it shall pass a decision imposing to the investment firm or a licensed natural person violating provisions to remove that irregularity within certain deadline and may also undertake one or several following measures:

- 1) issue a public reprimand;
- 2) issue an order for temporary prohibition on performing of some or all activities and related ancillary services to an investment firm or to a licensed natural person for the maximum duration of 60 working days;
- 3) forbid to the investment firm or a licensed natural person to accept clients orders in its business premises;
- 4) issue an order for temporary prohibition of management of funds in cash and securities accounts and management of other assets for the period of maximum three months;
- 5) issue a temporary prohibition to the investment firm to hold and manage financial instruments and cash assets of clients;
- 6) undertake other measures and sanctions, other than suspension or revocation of a license, which are authorized against licensed persons pursuant to provisions of this Law.

Article 206

To a person acquiring the qualified holding in a broker-dealer company contrary to provisions of Article 150 hereof, the Commission shall:

- 1) revoke its voting right stemming from qualified holding acquired in such a way i.e. prevent exercising of control over the broker-dealer company;
- 2) order sale of qualified holding.

The Commission may withdraw its approval for the qualified holding if a person possessing a qualifying holding has obtained the approval by giving false and incomplete statements or in some other non permitted way or no longer meets the requirements envisaged by Article 150 hereof for granting of consent for qualified holding and in those cases measures referred to in Article 205 of this Law shall apply.

The decision on the measures undertaken pursuant to Para. 1 of this Article and Article 207 hereof shall be published by the Commission on its website.

The Commission shall prescribe conditions and manner of effecting supervision, the procedure for issuing orders and undertaking measures, as well as the time limits for execution of orders and the duration of measures.

Suspension or Revocation of Licenses to Perform Activities of Investment Firms and Licenses for Natural Persons

Article 207

The Commission shall be authorized to suspend for a period of not more than two years or revoke the license of an investment firm and any natural person licensed to perform investment services and activities for the investment firm pursuant to Article 153 of this Law if the Commission finds that:

- 1) the investment firm does not make use of its license within 12 months, expressly renounces the license, or has provided no investment services or activities within the preceding six months;
- 2) the investment firm or a natural person obtained the license based on false or incomplete information or by other irregular means;
- 3) the investment firm or a natural person fails to continue to satisfy the conditions prescribed for obtaining the license;

- 9) the investment firm or a manager who is licensed pursuant to Article 151 hereof fails to exercise reasonable supervision over any licensed natural person or other employee of the investment firm who is the cause of a material violation of this Law or Commission regulations, general acts of the market operator or the Central Registry and such violations could have been prevented if reasonable supervision had been exercised.

Whenever the investment firm fails to fulfill its obligations in terms of organizational, staff and other requirements needed for provision of investment services and investment activities regulated by this Law, the Commission may issue a decision to ban provision only of those investment services and performance of those investment activities for which the investment firm fails to fulfill requirements regulated by this Law and Commission regulation instead of revoking its license.

In the decision referred to in Para. 2 of this Article, the Commission may order transferring of default orders and other documentation of clients of the investment firm subject to license revocation to another investment firm subject to consent by the client.

From the day of this Decision on license revocation to an investment firm becoming effective, the firm shall not enter into contract, initiate or perform investment services or activities for which the license is revoked.

Article 208

An investment firm and a licensed natural person subject to proposed license suspensions or revocation referred to in Article 201 hereof is entitled to a hearing before such suspension or revocation may be ordered by the Commission, in accordance with regulations that the Commission shall adopt for such purposes.

The Commission's authority to suspend or revoke a license under this Article shall be without prejudice to any action the Commission is authorized to undertake:

- 1) against licensed persons pursuant to provisions of Chapter XIII hereof;
- 2) in compliance with other provisions of this Law against directors, managers and persons with qualified holdings in the investment firm being a broker-dealer company or management of an authorized bank.

Should an investment firm or a natural person provided with the license file an application to the Commission for revocation of the license due to termination of performance of business activity or change of the scope of activity for which the license was granted in compliance with provisions of this Law, the Commission shall supervise its business operations and depending on findings thereof it may decide to revoke the license and cancel it from the register kept by the Commission.

The management of the investment firm shall submit an application and inform the Commission on decision to terminate or change the scope of activity on the first working day following the adoption of the decision.

The Commission is not obliged to revoke the license to the investment firm or legal person against whom there is a pending investigation or charges regarding violations of this Law or Commission regulations, general acts of the market operator or the Central Registry until such matters have been fully resolved.

The Commission shall conduct supervision by direct insight into general acts, business records, transcripts of accounts, correspondence and other documents, including electronic media and other data that the subjects of supervisions are obliged to keep and submit to the Commission; by analysis of the data, taking statements from the accountable persons and other employees of the entity subject to supervision, as well as from other persons having information of interest for supervision.

The supervision referred to in Para. 2 of this Article shall be conducted by the authorized persons of the Commission – inspector, at the premises of the entity subject to supervision or legal entities with which the subject of supervision is closely connected.

For the purpose of verification of data of interest for supervision, the Commission may allow auditors or specialized professionals to verify specific data.

The supervision referred to in Para. 2 of this Article may be conducted in the business premises of the Commission, in the presence of the responsible person and the person authorized by the subject of supervision.

Subjects of supervision shall be obliged to enable the authorized persons of the Commission the access to the business premises and organization sections, to give an insight into the required documentation, statements, as well as to provide other conditions for unobstructed performance of supervision.

Subjects of supervision shall be obliged to give to the authorized person of the Commission, at his request, the required business documents, records of telephone calls and other forms of correspondence.

The Commission shall define in detail conditions and method of conducting supervision.

Conditions for Conducting Supervision

Article 268

Subject of supervision shall be obliged to secure for the authorized person of the Commission appropriate premises, in which unobstructed conduct of supervision of transactions shall be possible, and without presence of other persons. Upon request by the authorized person of the Commission, the subject of supervision shall be obliged to secure professional and technical assistance, as well as necessary explanations, and to enable supervision conduct in its head office.

Upon request of the authorized person of the Commission, the subject of supervision shall be also obliged to secure other conditions necessary for conducting supervision.

Supervision referred to in Para. 1 and 2 of this Article shall be conducted by the authorized person of the Commission during working hours of the subject of supervision, and if necessary, due to the volume or nature of supervision, the subject of supervision shall be obliged to make possible for the authorized person of the Commission to conduct the supervision after working hours as well.

By issuing a certificate, the authorized person of the Commission may temporarily withdraw from the subject of supervision documents, money or objects that may serve as evidence in the criminal proceedings, in commercial violation proceedings and in infraction proceedings, but only until initiation of the proceedings, when he shall submit them to the bodies competent for conducting proceedings.

Termination of the Supervision Procedure

Article 269

Minutes shall be taken in the course of conducting supervision and delivered to the subject of supervision, with detailed description of the actual conditions.

The responsible person or the authorized person of the subject of supervision may make objections to the actual conditions stated in the minutes before the finalization of the minutes.

If the minutes are made after carrying out the direct supervision, the minutes shall be delivered to the subject of supervision, and the subject of supervision shall have the right to file an objection on the delivered minutes within eight days following the date of their receipt.

In an exception to Para. 3 of this Article, the Commission may define a shorter term, when it is needed for preventing possible significant harmful effects.

Reasons for Objection

Article 270

Objection to the actual conditions stated in the minutes shall be permitted if the actual conditions were misstated or failed to be fully stated in the minutes.

Contents of Objection

Article 271

Objection must contain: designation of the minutes to which the objection refers, reasons for objection and other data that every statement must contain in compliance with the law regulating the general administrative procedure.

If in its statement the subject of supervision refers to documents or documentation, it shall be obliged to enclose them to the objection, as evidence.

If the subject of supervision fails to enclose documents or documentation as evidence to the objection, when making the decision, the Commission shall take into account only the evidence enclosed to the objection.

After expiry of the deadline for objection, the subject of supervision shall have no right to mention new facts and to submit new evidence.

Should the subject of supervision reasonably challenge the actual conditions in the minutes by objection, an annex to the minutes shall be made and delivered to the subject of supervision within 15 days following the date of filing the objection.

Should no annex to the minutes be delivered to the subject of supervision, its objection shall be deemed unsubstantiated.

Issuing Supervision Measures

Article 272

Illegalities, in terms of this Law, are situations and procedures not in compliance with this Law, Commission regulation, other laws and by-laws, international acts and regulations giving the Commission the powers for applying, conducting the supervision or supervision over implementation.

Irregularities, in terms of this Law, are situations and activities in which the adopted business policies, measures and procedures are not applied consistently, if they jeopardize business operations of the subject of supervision.

Based on the conducted procedure of supervision, the Commission may issue supervision measures and sanctions stipulated by this Law to the subject of supervision, for the purpose of legal, true, fair and professional doing business that improves the integrity of the capital market.

When the Commission establishes a reasonable doubt regarding the committed criminal offence, commercial violation or infraction, it shall submit to the competent body the related report, or requirement.

Continuous Supervision

Article 273

During the continuous supervision of subjects, the authorized person of the Commission shall:

- 1) establish whether the defined reports, information and other data have been submitted within the deadline and in the prescribed form;
- 2) establish whether the data in reports, information and other required documents are true and correct.

In case that during continuous supervision illegalities and irregularities in business operations of the subject of supervision are stated, the Commission may determine direct supervision or based on the established actual conditions in that supervision it may issue the appropriate decision for the remedy of disclosed illegalities and irregularities.

Issuing Measures in Summary Proceedings

Article 274

If issuing measures is necessary for proper functioning of financial market or protection of investors, and it refers to measures that cannot be delayed and facts on which the measure is based have been established, the Commission may decide on their issuance in summary proceedings.

General Supervision Measures and Sanctions

Article 275

Supervision measures shall order illegalities and irregularities to be removed, as well as to take activities for their removal.

In the case of established illegalities and irregularities the Commission shall issue a decision ordering the taking of measures and activities for the purpose of setting up legality and orderly business operations.

By decision referred to in Para. 2 of this Article, the Commission shall determine the deadline for execution of the decision and the obligation to submit to the Company evidence of the corrected illegality and irregularity.

Independently from other measures taken based on this Law, the Commission may pronounce a fine to the subject of supervision, as well as to a member of the board, neither lower than 1% nor higher than 5% of the prescribed minimum capital requirement, or capital of the subject of supervision according to the last financial statement, i.e. it cannot be lower than one wage nor higher than the sum of twelve wages received by the director or a member of the management board in the period of twelve months prior to the date of issuance of the decision.

The income obtained on the basis of collected fines referred to in Para. 4 of this Article shall be the income of the budget of the Republic.

The decision referred to in Para. 4 of this Article, after being delivered to the subject of supervision, shall be an executive document.

Before pronouncing a measure to the entity to which it issues a license, or previous consent, the Commission shall provide a hearing, in conformity with the act of the Commission.

Should the Commission establish that illegalities and irregularities have not been removed the Commission may pronounce a new measure.

When the Commission establishes a repeated violation of provisions of the laws and acts passed on the basis of the Law, it may pronounce a public warning.
